# V-FORCE

A Crown Equipment Brand

- Authorized Warranty Dealer for V-Force Products
- Proven Performance from Lead-acid batteries and chargers
- Next Level Power from Lithium-ion batteries and chargers
- Accessories to protect your investment and staff
  - Cable Management
  - Watering Systems
  - Charger Stands
  - Battery Monitors
  - Acid Indicators

cascade™

## Save time, money and increase productivity

### Paper Roll Clamp

Cascade offers a full line of paper roll clamps and roll clamp damage reduction options to handle paper rolls regardless of diameter, weight or type of paper.

### Carton Clamp

Designed for the warehousing, beverage, appliance and electronics industries. Carton clamps allow palletless handling.

### Push/Pull

Allow you to ship, receive and warehouse unit loads on inexpensive slip sheets rather than pallets.

### Single-Double Pallethandler

Designed for the bottling, brewing, production or warehouse/shipping industries. You can handle a single pallet, or spread the forks hydraulically to lift, carry and sideshift multiple pallets side by side.

### Bale Clamp

Palletless handling of nearly any type of baled product such as cotton, wool, synthetic textiles bales, corrugated boards or newsprint.

### Layer Picker

Beverage warehouses and distribution facilities can benefit from the speed and versatility the Layer Picker offers. Replace costly manual labor with the versatile Cascade Layer Picker.

### Fork Positioner

The ability to position the forks from the driver's seat, rather than getting off the truck, saves time and reduces product and pallet damage.

### Rotator

Rotators add 360° revolving motion, in both directions, to truck forks. Used in food processing and manufacturing for inverting and dumping loads.

# WORLD CLASS MATERIAL HANDLING SOLUTIONS

**We exist to help people carry the load.** Our goal as a leading solutions provider is to solve our customers' problems through the devotion of continuous improvement, thoughtful design, and – most of all – close collaboration with people on the frontlines who help keep the world's supply chain moving.

It's why we've expanded our solutions offering well beyond our industry-leading full lineup of forklifts. Toyota dealers are uniquely positioned to help you solve your wide-ranging challenges. Built for every application, Toyota can provide the most complete set of solutions for material handling, automation, energy, advanced logistics, and warehouse optimization. Whether it's consultation, implementation, or service, Toyota has you covered.

**From dock to stock and everywhere in between.**

# TOYOTA LEAN MANAGEMENT

At Toyota, we leverage Toyota Lean Management principles to evaluate your operation and help you achieve trackable and sustainable results. The goal of Toyota Lean Management is waste reduction, and that is best achieved by organizing your operation with a firm commitment to sustainable lean processes.

It's like building a house situated on a firm foundation. From there, repeatable management practices of Toyota Lean Management, including 5S, standardized work, and other valuable management techniques, help you maintain waste elimination processes. When you work with Toyota to implement Toyota Lean Management as a business management practice, you'll gain an understanding of both the concept and execution of these techniques – all engineered to place you on a path to sustained optimization.

**Begin your Toyota Lean Management implementation through one of the following:**

- TOYOTA LEAN FACTORY EXPERIENCE
- CUSTOMER SITE VISITS
- 1-DAY LEAN TRAINING COURSE
- 3-DAY TRAINING AT THE TOYOTA FACTORY

# TOYOTA MATERIAL HANDLING AND BASTIAN SOLUTIONS : STRENGTH AT EVERY LEVEL

Toyota Material Handling has your pallet handling needs covered. Through our partnership with Bastian Solutions, a Toyota Automated Logistics Company, we can help your operation down to the parcel level and can make pallet handling more efficient. Bastian Solutions works closely with your Toyota Material Handling Dealer to offer industrial robotics systems that can handle individual products at each level, goods-to-person order picking systems for efficient labor use, and automated pallet handling, receiving, storing, and depalletizing.

**Automated Guided Vehicles**

**Robotic Palletizing and Depalletizing Systems**

**Goods to Person Systems**

**Racking, Conveyor and Sortation Systems**

# MY TOYOTA

## WHAT IS MYTOYOTA?

MyToyota offers a suite of digital solutions where customers can access insights about their fleet from Toyota Material Handling (TMH), Toyota Industries Commercial Finance (TICF), and the Toyota dealer network.

Whether the customer operates one forklift or thousands, one location or hundreds, they can use MyToyota to optimize the operation of their material handling equipment.

With MyToyota, customers have the ability to go to a single website and access Toyota offerings that best fit their business needs.

## HOW DO I REGISTER?

- Visit My.ToyotaForklift.com
- Click the Register/Login Button
- Complete your registration information*

*Pending on your type of registration, you may get immediate access into your account, or need approval from the MyToyota Customer Service team.

For additional support, please contact customerservice@toyotatmh.com.

## MY Insights®

## WHERE SMART COMES STANDARD

MyInsights® – Toyota's telematics solution is now standard on nearly all Toyota forklifts. Standard telematics can help you unlock crucial information about your fleet. Ease of enablement, key fleet insights and a seamless integration through MyToyota, allows you to analyze material handling performance at your fingertips. All this just for being a Toyota customer.

# TOYOTA ENERGY SOLUTIONS

Power is at the center of evolving material handling solutions. As equipment evolves, the energy sources that fuel them are adapting to complex demands. Toyota Energy Solutions is at the forefront of new technological development that will revolutionize how the industry approaches its energy needs. No matter where you are with optimizing your fleet, Toyota Energy Solutions has the batteries, chargers, and consultants you need to confidently take the next step on your energy journey.

## PERSONALIZED ENERGY CONSULTATION

Analyzing your energy options and making changes to enhance your fleet can require a complex series of decisions. Toyota Material Handling can help guide you through the process to ensure that the products you choose fit your operation through a personalized energy consultation and power study.

This study will be used to gauge current equipment usage and available charging time to propose the optimal energy solution for your operation.

## TOYOTA'S LITHIUM-ION BATTERIES & COMPATIBLE CHARGERS

Toyota's Lithium-ion Batteries are designed to maximize productivity, further improving efficiency and performance. With higher energy density and rapid charge capabilities, these solutions provide the power you need to get the job done while limiting interruptions.

Toyota's Lithium-ion Batteries, combined with Toyota chargers, take less time to charge and reduce downtime while removing the need for extra batteries. With superior energy management technology and plug-and-play solution, you can expect your charger to run at peak efficiency.

- First to market with UL-E/EE approved sit-down forklift and lithium-ion battery combination.
- Toyota's 24V, 36V, and 48V Lithium-ion Batteries available to fit a variety of forklifts with a majority offering integrated CAN-Communication with the forklift's multi-function display
- Factory install available on select forklift models, further minimizing downtime

To learn more about Energy Solutions scan the QR code.

## SEnS+

smart environment sensor plus®

The SEnS+ Smart Environment Sensor Plus® camera has been exclusively designed for forklifts to detect objects and pedestrians in the detection range. The system supports your operation by notifying the operator with a warning buzzer and warning lights. In addition to the system notifications, the system can control the traveling speed and slow down the truck for pedestrians and objects in specific conditions.

### HOW DOES SEnS+ WORK?

- Alerts the operator when pedestrians and objects are detected behind the forklift
- Audible notifications have three distinct levels based on the distance of the obstacle
- Supports your operation with clear notifications and truck speed control
- No tags for detection required

To learn more about SEnS+ scan the QR code.

# Need to RENT a forklift?

**For once, we're not encouraging you to buy a Toyota.**

**When you need to rent, rent the best — America's #1 selling lift trucks. It could be an opportune time to rent if your company expects an increase in business activity — or you're considering the purchase of additional lift trucks. Our quality and reputation for reliability make Toyota lift trucks ideal for rentals, short or long-term. And, after renting a Toyota lift truck, you just might be sold on owning one. So don't let another shift go by without the dependability of a Toyota — call us today!**

- Propane and electric powered forklifts
- Lift trucks for indoor and outdoor applications
- Toyota's environmentally friendly 8-Series trucks
- Late Model Lift Truck Inventory
- Special Requests Available (i.e. heated cabs, quad masts, attachments, etc.)
- Quick Delivery - Right to Your Doorstep!
- Competitive Rental Rates
- Quality Guaranteed - All Lift Trucks are Inspected Prior to Delivery

***Delivered right to your doorstep!***

Speak to our representatives about finding the right truck and rental plan for your application.

**Day • Week • Month**

**Maintenance & Repairs**
All scheduled maintenance and repairs can be done either on-site or in our fully equipped shop.

**Lifting Device Inspections**
We have developed an excellent "full vehicle inspection" report to let you know the exact condition and repair cost of your equipment. From hydraulic oil pressure readings to fork condition, we'll tell you honestly what needs to be done.

**Emissions Testing**
Our technicians can do a carbon monoxide exhaust analysis and make the necessary recommendations to ensure that your fleet meets legal standards.

**Mast and Hydraulic Load Testing**
We have a range of certified loads for the testing of masts to lift the truck's rated capacity. It is important that the truck should be able to handle its rated capacity safely. Never overload a lift truck, it will upset the truck's stability.

**Detailing & Painting**
Repair scratches, scrapes and collision damage. Our professionals can make your lift trucks look like new.

**Total Refurbishing**
Our technicians can tear-down, inspect and rebuild your lift trucks to factory specifications.

**Engine Rebuilds**
Electric motors and internal combustion engines can be rebuilt and repaired at our locations.

**Mast Overhauls**
A "sloppy" mast may become a safety hazard. Toyota service technicians know how to keep the mast in proper working order.

## S·A·F·E LIFT 2 Ultimate Training Package

HUGE SAVINGS!

Give your instructors the necessary tools for effective operator training with the Ultimate Training Package.

***Complete Package includes:***

- ***(1) DVD or USB containing Counterbalance, Narrow Aisle & Motorized Walkie Truck Training Videos, Pedestrian Safety Video and all What's Wrong With This? Videos***
- ***(1) More High Impact Forklift Safety DVD or USB***
- ***(1) Model Truck of your choice (Counterbalance Model or Narrow Aisle Model)***
- ***(1) Wire Lift Truck***
- ***(1) Training Reference Binder***
- ***(1) Administrator's Guide for each class of truck***
- ***(10) Participant's Guides with Wall Certificate & Wallet Card of your choice***
- ***(1) Set of Safety Posters for each class of truck***
- ***(1) Aluminum Briefcase***

**Available on DVD or USB.**
**(USB requirements: PC or Mac, USB License Protected, Video files cannot be removed from USB)**

| ITEM | DESCRIPTION | PRICE |
|---|---|---|
| SL2UTPDVD-F | SAFE-Lift 2 Ultimate Training Package DVD | $1,360.00 |
| SL2UTPSPDVD-F | SAFE-Lift 2 Ultimate Training Package DVD - Spanish | $1,360.00 |
| SL2UTPUSB-F | SAFE-Lift 2 Ultimate Training Package USB | $1,360.00 |
| SL2UTPSPUSB-F | SAFE-Lift 2 Ultimate Training Package USB - Spanish | $1,360.00 |
| SL2UTPE/SPDVD-F | SAFE-Lift 2 Ultimate Training Package English & Spanish DVD Combo Kit | $1,810.00 |
| SL2UTPE/SPUSB-F | SAFE-Lift 2 Ultimate Training Package English & Spanish USB Combo Kit | $1,810.00 |

## S·A·F·E LIFT 2
Safety Awareness For Forklift Equipment
***All-In-One***

Lift Truck training is now easier and more convenient. The All-In-One Kit incorporates all the SAFE-Lift 2 Training Programs on one DVD or USB. The scroll down menu allows you to quickly and simply select the program you wish to view.

**The All-In-One Training Video Kit Includes:**

- ***(1) DVD or USB containing Counterbalance, Narrow Aisle & Motorized Walkie Truck Training Videos, Pedestrian Safety Video and all What's Wrong With This? Videos***
- ***(1) Administrator's Guide for each class of truck***
- ***(1) Participant's Guide with Wall Certificate & Wallet Card for each class of truck***
- ***(1) Set of Safety Posters for each class of truck***
- ***(1) 11" x 17" Laminated OSHA Poster***

**Available on DVD or USB.**
**(USB requirements: PC or Mac, USB License Protected, Video files cannot be removed from USB)**

| ITEM | DESCRIPTION | PRICE |
|---|---|---|

## MORE High Impact Forklift Safety Video Kit

Graphical re-enactments of industrial accidents. Great for training your operators on accident awareness and prevention.

***Kit includes:***

- ***1 (15-minute) Training video***
- ***1 Administrator's guide***
- ***1 Exam***

***Available on USB**

**More High Impact Safety Video Kit**
**MHIFSDVD-E ..... $470.00**

**More High Impact Safety Video Kit Spanish**
**MHIFSPDVD-E..... $470.00**

## Personal Fall Arrest Systems Video Kit

This video will provide viewers with detailed safety information related to their personal fall arrest system. Kit includes video (12 mins), administrator's guide and exam. Topics include:

- ***The full body harness and connection device***
- ***The anchor point***
- ***The total fall distance calculation plus much more!***

***Available on USB**

**Personal Fall Arrest System Video Kit**
**FALLDVD-E ..... $470.00**

**Personal Fall Arrest System Video Kit Spanish**
**FALLSPDVD-E..... $470.00**

## Crane Safety Systems Video Training Kit

The Crane Safety Video Training Kit reviews the hazards that are associated with working with cranes, discusses the federal regulations that address these hazards and covers the policies and procedures that employees should follow to work safely with these machines. Topics include:

- ***Different types of cranes***
- ***Crane hazards and safety standards***
- ***Conducting a crane safety inspection plus much more!***

***Available on USB**

**Crane Safety Systems Video Kit**
**CRANEDVD-C ..... $470.00**

**Crane Safety Systems Video Kit Spanish**
**CRANESPDVD-C..... $470.00**

## Wire Lift Truck

Teach your operators about the center of gravity with this clever training tool. Ideal for lift truck trainers. Made with galvanized steel.

**Size: 4" W x 5" H**

**Wire Lift Truck**
**WRLT-D..... $130.00**

## Scale Model Lift Trucks

These highly detailed model trucks are almost identical to their larger counterparts.

**Generic Orange LPG Model**
**CBLT-A..... $75.00**

**BT Narrow Aisle Model**
**NALT-A ... $105.00**

**Bobcat Skid Steer Model**
**7367308-A.... $105.00**

## Genie Mobile Elevated Work Platform Training Kit

This comprehensive Genie Operator Training program includes safe operating procedures for Mobile Elevated Work Platforms, Scissor Lifts, Articulation Booms, Telescopic Booms and Trailer Mounted Booms. Also available in Spanish.

Each Kit comes complete with:
(1) Operator Manual on Scissor Lifts, Articulating Booms, Telescoping Booms, Trailer Mounted Booms
(1) Responsibilities Manual
(10) Wallet Certificates
Participant's Guide on USB
Wall Certificate on USB
Trainer's Guide on USB
Mobile Elevated Work Platform Training on DVD and USB

**Genie Mobile Elevated Work Platform Training Kit ENGLISH**
**1294244GT-D..... $760.00**

**Genie Mobile Elevated Work Platform Training Kit SPANISH**
**1294244SPGT-D ..... $1,060.00**

## Rough Terrain Training Video Kit

Includes: Straight Mast & Truck Mount Rough Terrain Forklift Videos, Instructor's Guide, Agenda, Objectives and Goals Sheet, Instructor's Resource Guide, Evaluation Test, Evaluation Log Book, 5 Student Operator's Workbooks, 5 Operator Certificate of Completion, 5 Operator Wallet-Size Completion ID Cards, Visual Aids (PowerPoint and Charts.)

**Rough Terrain Forklift Training Video Kit (DVD)**
**TK001DVD-C..... $710.00**

**Rough Terrain Forklift Training Video Kit (USB)**
**TK001USB-C..... $710.00**

**Rough Terrain Package Deal (5 Man/5 Cert)**
**SM001-C..... $270.00**

## SAFE-LITE

**High Quality Pedestrian Alert Blue Light**

The Safe-Lite alerts pedestrians of forklifts approaching blind corners or forklifts entering and exiting trailers.

The Blue LED light projects an intense spotlight 10 to 20 feet ahead of the forklift to alert the pedestrian of nearby traffic.

The Safe-Lite can be installed on the front or back of any forklift, sweeper or any other piece of industrial equipment.

| ITEM | Description | Price |
|---|---|---|
| SAFELITE-F (BLUE) | Safe-Lite (BLUE) | $190.00 |
| SAFELITE-R-F (RED) | Safe-Lite (RED) | $190.00 |
| MAGNET-E | Magnetic Mount Option | $10.00 |

***Includes Mounting Bracket & Straps for easy installation.**

**Specifications**

**Voltage:** 9-64V
**Power:** 2 x 3 Watt
**Rating:** UL
**Warranty:** 2 Year

## ECO BLUE

**A More Economical Solution**

The Eco-Blue light provides an economical solution to alert pedestrians of oncoming forklifts. This blue light shines a bright blue spot on the floor warning pedestrians of forklifts approaching from blind corners or trailers.

The Eco-Blue can be mounted on either the front or the rear of the forklift.

Waterproof, dustproof and shockproof.

| ITEM | Description | Price |
|---|---|---|
| EBL-H (BLUE) | Eco Blue Light | $160.00 |
| MAGNET-E | Magnetic Mount Option | $10.00 |

***Includes Mounting Bracket & Straps for easy installation.**

**Specifications**

**Voltage:** 9-60V
**Power:** 2 x 5 Watt
**Rating:** CE
**Warranty:** 2 Year

## BIG BLUE

**Creates a BIG BLUE Spot**

This unique “Big Blue” Pedestrian warning light shines a bright light 5 times larger than the conventional Blue Light. With 4 Phillips LED lights, it creates a Big Blue spot on the floor alerting pedestrians of oncoming forklift traffic.

| ITEM | Description | Price |
|---|---|---|
| BIGBLU-F | Big Blue Light | $190.00 |
| MAGNET-E | Magnetic Mount Option | $10.00 |

***Includes Mounting Bracket & Straps for easy installation.**

**Specifications**

**Voltage:** 9-60V
**Power:** 4 x 5 Watt
**Rating:** UL
**Warranty:** 2 Year

## ARROW BLUE

**Indicates Direction of Moving Vehicle**

The Arrow Blue Light projects a large, bright arrow on the ground 10 to 20 feet away in front or in back of the lift truck. This not only alerts the pedestrian of a nearby lift truck, but also indicates to the pedestrian what direction the vehicle is moving in. This can be very useful particularly around blind corners or trailers.

| ITEM | Description | Price |
|---|---|---|
| ARROWBLU-E (BLUE) | Arrow Blue Light | $160.00 |
| MAGNET-E | Magnetic Mount Option | $10.00 |

***Includes Mounting Bracket & Straps for easy installation.**

**Specifications**

**Voltage:** 12-60V
**Power:** 3 x 3 Watt
**Rating:** CE
**Warranty:** 2 Year

## RED-ZONE

**LED PEDESTRIAN WARNING LIGHT**

**Create a Safety Zone Around the Forklift**

### Red-Zone LED Pedestrian Warning Light

40% of all forklift accidents involve a pedestrian. Ensure pedestrians stay a safe distance away from the lift truck with the Red-Zone LED Warning Light. The Red-Zone emits a red beam on the floor to keep pedestrians away preventing foot injury or collisions from rear end swing.

The Red-Zone combined with the Blue Light offers a complete pedestrian warning system for your warehouse.

**Specifications:**

- Operating Voltage: 9 - 64V
- CE & UL Rated
- Size: 6” x 2.25” x 2.75”
- Easy Installation
- Includes Mounting Hardware
- 2 Year Warranty
- 100,000hrs Lifespan
- PC Lens Material
- 304 stainless steel bracket
- LED Type: Osram 3W
- LED Qty: 6pcs
- Waterproof: IP67

**Red-Zone LED Warning Light**
**REDZONE-C..... $165.00 ea.**

***Quantity Discounts Available.**

## ARC LIGHT

The Arc Light is designed to alert pedestrians of the rear end swing of the forklift. Multiple light configurations can be used for increased visibility and to keep pedestrians away from both the front and back of the forklift or to create a halo around the truck. Each Arc Light includes hardware and mounting bracket for easy installation in a variety of configurations.

**Configurations:**

- Single light, small arc configuration directly on back of overhead guard
- Double light, large arc configuration on back corners of overhead guard
- Double light, (2) side arc configuration on each side of the forklift
- Triple light, single small arc directly on back and (2) side arcs on each side of the forklift
- Quad light, halo configuration on all (4) corners of the overhead guard

**ARC Light LED Pedestrian Warning Light**
**ARCLITE-C..... $165.00 ea.**

**Specifications:**

- 9 - 64V Operating Voltage, 21 W (7 x 3W LEDs)
- 100,000 hour lifespan with a 2 year warranty
- Polycarbonate Lens
- CE Rated
- Waterproof: IP67

THE FORKLIFT P.A.L
PEDESTRIAN AWARENESS LIGHT

**Provides Light for Operators While Alerting Pedestrians**

## Forklift P.A.L Pedestrian Awareness Light

Keep pedestrians alert and aware of oncoming and reversing forklifts with the all-new Forklift P.A.L Pedestrian Awareness Light.

**Front Forklift P.A.L White LED Light Specifications:**

- Bulb: 0.5W LED White *33pcs
- Wattage: 16.5W
- Voltage: 9-60V DC
- Lifespan: 100,000 hrs
- Waterproof: IP67
- Dimensions: (L) 31.5” x (W) 1.25” x (D) 0.75”
- Wires: Red wire(+) Black wire(-)
- LED Color: White
- Bracket: 3 Magnetic base

**Rear Forklift P.A.L White/Red LED Light Specifications:**

- Bulb: 0.5W LED White *33pcs + 0.5W LED Red *33pcs
- Wattage: 16.5W White + 16.5W Red
- Voltage: 9-60V DC
- Lifespan: 100,000 hrs
- Waterproof: IP67
- Dimensions: (L) 31.5” x (W) 1.25” x (D) 0.75”
- Wires: Red wire(+) Black wire(-) Yellow wire (Connect to reverse light)
- LED Color: White(Forward) Red (Reverse)
- Bracket: 3 Magnetic base

***Each set including 2 front white lights and 1 rear white/red light***

**Forklift P.A.L - Pedestrian Awareness Light**
**FORKPAL-C..... $450.00 ea.**

*Forklift in drive, rear light remains WHITE*

*Forklift in reverse, rear light changes to RED*

## CRANE LIGHT

This unique product alerts pedestrians and vehicles of nearby overhead crane use.

**Line Lens Attached For Line Configuration*

**No Lens For Beam Configuration*

Quad line configuration (4 separate lights - available in red or blue or a mix)

Four spot configuration (available in red or blue or a mix)

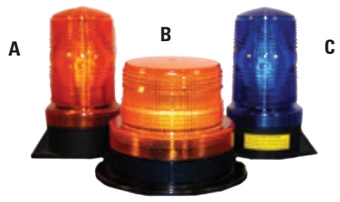

**Specifications:**

- Power: 140 Watts
- Voltage: 9-32 VDC, can run on up to 277 VAC with optional power converter
- LEDs: 14 x 100 watt (Cree LED)
- LED Color: Red or Blue
- Beam Type: Spot or Line Beam
- Lifespan: Up to 50,000 hrs
- Size: 7.7” x 3.1” x 8.7” (195 x 78 x 221mm)
- Working Temp: -45~185°F
- Warranty: 2 Years

| ITEM | DESCRIPTION | PRICE |
|---|---|---|
| CRANELITER-A | Overhead Crane LED Pedestrian Warning Light 9-32 VDC - RED | $760.00 |
| CRANELITEB-A | Overhead Crane LED Pedestrian Warning Light 9-32 VDC - BLUE | $760.00 |
| SLPC-A | Single Crane Light Power Converter 100 - 277 VAC | $350.00 |
| QLPC-A | Quad Crane Light Power Converter 100 - 277 VAC | $670.00 |

## LED Forklift Strobe Lights

- Operating Voltage: 12-90V DC
- Polycarbonate Lens
- 4 Selectable flash patterns
- Circuit board is epoxy potted to extend the life of the beacon
- Temperature: -40 C to 65 C
- Reverse Polarity and Voltage Spike Protected
- 30mm AWG 18 red and black wires
- Mounting Hardware and rubber gasket included
- Available in Amber
- Operates with four 1-Watt LED’s

**A LED Strobe 3.9”W x 5.2”H, 5 - 1W LEDs 12-90V - Amber**
**M490-LED-A-DC-B..... $180.00**

**B LED Strobe 5.1”W x 3.55”H, 4 - 1W LEDs 12-90V - Amber**
**M7600-LED-A-B..... $190.00**

**C LED Strobe 3.9”W x 5.2”H, 5 - 1W LEDs 12-90V - Blue**
**M490-LED-B-DC-B..... $220.00**

## ECO LED Forklift Headlight

The ECO LED Headlight is economically priced to replace all the incandescent forklift headlights in your lift truck fleet. It offers a long life of 50,000 hours which means you will never have to replace bulbs again. 500 lumens of light will give off a luminous, clear light without blinding pedestrians working alongside the forklift.
The ECO LED Headlight is great for all applications and lift truck models.
Comes with a 2-year replacement warranty.

- Voltage: 9-64V
- Power: 6 x 3W, 18W
- Operating Temp: -40 F to 185 F
- Lifespan: 50,000 hrs
- IP67 - Dustproof, Waterproof, Shatterproof
- Material: Discast aluminum housing
- Bracket: Stainless Steel
- Lens: PC

**Can be mounted on the rear of the truck.*

**ECO LED Forklift Headlight**
**EHD-C..... $95.00**

## Battery Acid Spill Kit

**Each kit includes:**

*1 red nylon bag*
*10 sorbent pads*
*3 sorbent socks 3"x 48"*
*2 disposable bags*
*1kg acid neutralizer*
*1 drain cover*
*1 epoxy stick*
*1 pair nitrile gloves*
*1 pair goggles*
*2 hazardous waste labels*

**Battery Spill Kit**
**CSKBATT-LT-C..... $310.00**

## Hydrosep Water Treatment Additive

Reduces harmful bacteria and organisms in water supply for 90 days. One bottle treats 5 - 10 gallons. Sold in a package of 4 bottles.

**Hydrosep Water Treatment Additive**
**1110764-A ..... $110.00**

## Gravity Feed Eye Wash

Mounts to any wall with its highly visible yellow polyethylene for long life. Pull down tray stays in fixed position during activation. Will allow 15 minute flow at 0.4 gpm output.

**BONUS HYDROSEP INCLUDED!**

**Gravity Feed Eye Wash**
**1104050-A..... $620.00**

## YellowBowl™
### Shower/Eye Wash

The Combination Yellow Bowl Shower / Eye Wash Station provides a full body immersion which is great for corrosive environments.

- *Combination Shower/Eyewash Station*
- *Full Body*
- *Plastic Shower*
- *Self-Adjusting Regulators Assure 8 GPM flow on Eyewash and 30 GPM flow on shower*

**Shower/Eye Wash**
**1050216-A..... $2,390.00**

**FREE Emergency Shower & Eyewash Sign with the Yellow Bowl Shower/ Face wash**

## Yellow Bowl™ Eye Wash

This unit connects directly to the water line to provide an uninterrupted flow. Comes with two ABS plastic heads and 10.5" bowl. Push plate actuator opens water valve. Connects to 1/2" NPT water line.

**Yellow Bowl™ Eye Wash**
**1030401-A..... $620.00**

## SmartBlinky Battery Watering Monitor

The SmartBlinky models provide the brightest and most effective electrolyte level indication of any battery watering monitor system, so you know when to fill your batteries, keeping them in prime condition. The SmartBlinky Pro model LED is mounted on the battery cable near the connector for maximum visibility, perfect for applications where the battery never leaves the truck such as fast and opportunity charging. The SmartBlinky Pro model features a visual and audible alarm when water levels are low.

*SmartBlinky Remote Model*

*SmartBlinky Pro Model*

***Features:***

- **Operating Voltage: 4 – 12VDC for SmartBlinky, 24 – 80VDC for SmartBlinky Pro**
- **Easy to see and understand**
- **Smart Sensing Technology**
- **Simple installation**
- **UL Rated**
- **Designed to work on all industrial lead acid batteries**
- **Lead probe, 3.25" length**

**SmartBlinky Remote Model**
**SBLINKY-B..... $100.00**

**SmartBlinky Pro Model**
**SBLINKYPRO-B..... $200.00**

flow-rite

## Flow-Rite Millennium EVO Battery Watering System

Your battery maintenance is faster, safer, and more reliable with the Flow-Rite Millennium EVO Single-point Battery Watering System. This watering system is engineered with automatic shut-off valves and interconnecting tubing. Simply replace the existing vent caps with your new valves, then add the quick coupler. Once connected to a water supply, the water flows until each battery cell independently reaches the correct electrolyte level.

***Note: A Pressure Regular is required to use the battery watering systems. The models shown are for use with industrial batteries with bayonet style caps only. Millennium EVO Valve lengths are 2.1", we strongly recommend measuring the battery cell depth to ensure a proper fit.**

- Quick and easy single-point water connection
- Pressure regulator connects to a standard hose end
- Prevents over-filling of battery cells
- Low profile valve design
- Clampless tubing for quick installation
- Built-in optical indicator ensures correct water level

| ITEM | DESCRIPTION | PRICE |
|---|---|---|
| MEBK24-A | Millennium EVO Bayonet Kit - 24V 12 Cell | $370.00 |
| MEBK36-A | Millennium EVO Bayonet Kit - 36V 18 Cell | $540.00 |
| MEBK48-A | Millennium EVO Bayonet Kit - 48V 24 Cell | $720.00 |
| MEPREG-A | Hose End Pressure Regulator, 30 - 35 PSI | $230.00 |

# Watering Gun Buddy

## Retractable Battery Watering Gun Hose Reel

- *Durable polypropylene casing*
- *Includes handy swivel wall mount bracket*
- *Installs in minutes*
- *50' length retractable 1/2" PVC hose with auto-locking and release*
- *Hose guide system provides a slow, controlled retraction*
- *Working pressure of 150 PSI*
- *Features an easy quick connect on the end of the hose for the watering gun*

**Watering Gun Buddy Kit with Watering Gun**
**WGBKIT-C..... $260.00**

**Watering Gun Buddy Retractable Hose Reel Only**
**WGB15-C..... $150.00**

## Battery Watering Gun

Just insert into the battery cell and pull the trigger. Automatically fills the cell to the correct level, then shuts off. Never overfill a battery cell again. EZ-Reach model uses an 20" nozzle compared to the 9" standard nozzle.

**Battery Watering Gun - 9"**
**BATGUN-D..... $250.00**

**EZ-Reach Battery Watering Gun - 20"**
**EZR-100-D..... $290.00**

## Delonizer
## Battery Water Filtration System

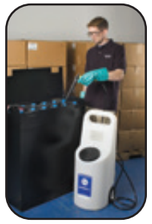

Removes iron and other trace minerals that can shorten battery life. One cartridge cleans approximately 600 gallons.

**Delonizer Filtration System**
**DKITPS-300-D..... $1,130.00**
**DCARPS-600-D (replacement cartridge)..... $440.00**

## Watering Cart

This 10 gallon watering cart contains a battery, charger and a built-in 12 volt pump that automatically turns off when fill lever is shut off. Watering gun sold separately. Cannot be used with single point watering systems.

**Portable Watering Cart**
**CARTW-C..... $2,150.00**

# The Battery Care Box

Proper battery care requires special tools and personal protection equipment in order to do the job right. The Battery Care Box puts it all together for you in one box. SDS information requires specific personal protection equipment since all forklift batteries contain sulfuric acid. This acid often escapes in normal use and comes in contact with skin or eyes if unprotected. Protect your workers that need to service batteries in your workplace.

**Includes:**

- Face Shield
- Goggles
- Apron
- Neoprene Gloves
- Flash Light
- Hydrometer
- "No Smoking" Sign
- Cap-Off Battery Cap Removal Tool
- Acid Spill Neutralizer
- Plastic Storage Box

**Battery Care Box**
**BATBOX-C ..... $310.00**

# Complete Battery PPE Kit in a Box!

This complete Battery Personal Protection Equipment Kit mounts conveniently on any wall so that everything is within easy reach. The self-contained kit comes with: neoprene safety gloves, safety goggles, face shield, apron, flashlight, hydrometer and a cap-off removal tool.
Board size: 34" W x 20" L

**Complete Battery Handling PPE Kit**
**BCHG-E..... $180.00**

**Complete Battery Handling PPE Kit (French Version)**
**BCHGFR-E..... $180.00**

| ITEM | DESCRIPTION | PRICE |
|---|---|---|
| POS(B)-C | Board Only | $85.00 |
| NEO-C | Neoprene Gloves | $18.00 |
| SHLD-C | Face Shield | $30.00 |
| APRN-C | Safety Apron | $20.00 |
| GOGG-C | Safety Goggles | $13.00 |
| HYDR-C | Hydrometer | $30.00 |
| MH9900F-E | Cap-Off | $20.00 |
| FLSH-C | Flashlight | $6.00 |

***Items Sold Separately.**

**FACT:**
**All SDS information sheets require this PPE when working around sulfuric acid.**

## Cap-Off Battery Cap Removal Tool

- Removes all types of battery caps quickly and easily
- Eliminates hand contact with acid soiled caps
- The ergonomic solution to check water levels in your battery
- Holds cap in tool for quick re-installation

**Makes battery maintenance fast and safe!**

**Cap-Off Battery Cap Removal Tool**
**MH9900F-E..... $20.00**

## Battery Cable Tower

Pogo stick style cable retractor (40" high) mounts to battery stands or wall brackets. Spring on bottom allows forklift operators to pull charger cables to their truck battery. When driver unplugs connector from battery, the retractor returns to upright position keeping connectors from shattering on the floor. Comes with all hardware to install.

**Battery Cable Tower**
**127600-C ..... $190.00**

## Battery Sling

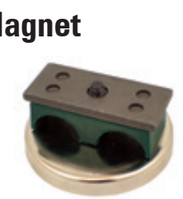

- This 2" x 5' Battery Changing sling has been designed to hook onto the eye bolt holes on both side of the battery. Attach the Battery Sling to a forklift truck to facilitate lifting the battery out of the truck.
- 2-ply polyester sling webbing
- Working Load Limit: 5,000lbs

**Battery Sling**
**BS22-05-D ..... $240.00**

## Battery Cable Magnet

Hold battery cable in place with 100 lb magnet. Prevents cable and connector damage by keeping them where you want them.

**Battery Cable Magnet**
**CABLEMAG-D..... $38.00**

## Wall Mounted Charger Brackets

Reduces floor damage of chargers and allows for a clean and safe floor area. (universal fit).

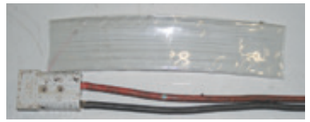

**Charger Not Included**

**Wall Mounted Charger Brackets**
**WMCB-25-18-A..... $310.00**

## Heat Shrink PVC Battery Cable Protector

- 3" Heat Shrink forms over SB350 connector and cable.
- Protects cables and connector from damage.
- Allows personnel to separate connectors safely when pulling from the cables.
- Prevents damage to cables when pinched by hood.

Step 1: Cut heat shrink to desired length

Step 2: Fit heat shrink over connector & cable

Step 3: Apply heat gun to heat shrink

Step 4: While still warm, place back into connector so heat shrink will cool to desired shape

**3" with 2:1 shrink ratio 12"**
**HSPVC12-G ..... $26.00**

**3" with 2:1 shrink ratio 18"**
**HSPVC18-G ..... $39.00**

**3" with 2:1 shrink ratio 24"**
**HSPVC24-G ..... $52.00**

## Battery Cable Connectors

The 175 Amp and 350 Amp Battery Connector Kits come complete with high strength polycarbonate housing, (2) silver plated connector lugs and convenient connector handle. The plastic housing is also available separately to replace any currently damaged connectors. The connector handle provides a gripping point to disconnect the cables from batteries or chargers without having to pull from the cables themselves resulting in costly damages.

**Dimensions:**
175 Amp Connector: 3.13" x 2.19" x 1"
350 Amp Connector: 4.25" x 2.75" x 1.31"

**Specifications:**
- Impact Resistant Polycarbonate Construction
- Silver Plated Lugs Offer Superior Conductivity
- Stainless Steel Retaining Springs Secure Contacts in Housing for a Consistent Connection
- Mechanical Keys in Housing Help Prevent Mating of Different Color Connectors
- Voltage Rating: 600V
- UL Rated

## Battery Lifting Beam

This battery lifting beam with a standard 6,000 lb. capacity is designed to fit 27-42" industrial batteries. Lifting hooks are adjustable to fit most batteries. Lifting Beam can be used in conjunction with a Fork Mounted Hook Plate.

*Shipping included

**Battery Lifting Beam (58 lbs. net weight)**
**BLB6000-B ..... $2,260.00**

## Fork Mounted Hook Plate

The Lift-Master Hook Plate enables any fork truck to maximize safety while lifting a load using chains, cables or ropes. The safety restraint is used to secure the Hook Plate to the fork truck, preventing it from sliding off the end of the forks. Fork openings are 6-1/4"W x 1-3/4"H.

*Shipping included

| ITEM | HOOK TYPE | HEIGHT | WIDTH | CAP. (LBS) | PRICE |
|---|---|---|---|---|---|
| LM-HP6-S-B | Swivel Hook | 6" | 24" | 6,000 | $550.00 |

## Battery Transfer Cart

Battery Transfer Cart is designed for use with pallet trucks to load, unload, and transfer fork truck batteries. Features roller deck for easy battery movement and front locking safety tabs to secure battery in cart. Pallet truck is not included. Welded steel construction with powder coat yellow finish.

Optional winch attachment, model BTC-WINCH, can be installed easily with the supplied hardware. The manual winch is designed to pull battery out of fork truck.

| ITEM | DESCRIPTION | OVERALL SIZE (W X D) | CAP.(LBS) | NET | PRICE |
|---|---|---|---|---|---|
| BTC-PJ-B | FOR USE W/PALLET TRUCK | 32" x 41" | 4,000 | 140 | $3,850.00 |
| BTC-WINCH-B | WINCH ATTACHMENT | 52" | -- | 30 | $490.00 |

*** Shipping included**

## Battery Roller Service Stands

- Widths Range From 15-24"
- Measures 40" Deep

### Battery Service Stands

BSS-15-A (15" width)..... $940.00
BSS-18-A (18" width)..... $970.00
BSS-22-A (22" width)..... $1,030.00
BSS-24-A (24" width)..... $1,100.00

**Note: when ordering specify height from floor to top of roller**

## Battery Roller Service Stands

Designed for removal of a battery for watering and maintenance.

- Welded Steel Construction
- Non-conductive
- Acid resistant
- PVC covered steel rollers
- 7/8" adjustable legs
- C/W floor lag plate
- Battery safety stops
- Acid resistant black paint
- Wood shelf inlay

| ITEM | WIDTH | PRICE |
|---|---|---|
| DOUBLE STANDS | | |
| BSS-15-2-A | 15" | $1,630.00 |
| BSS-18-2-A | 18" | $1,740.00 |
| BSS-22-2-A | 22" | $1,840.00 |
| BSS-24-2-A | 24" | $1,900.00 |
| TRIPLE STANDS | | |
| BSS-15-3-A | 15" | $2,350.00 |
| BSS-18-3-A | 18" | $2,440.00 |
| BSS-22-3-A | 22" | $2,490.00 |
| BSS-24-3-A | 24" | $2,570.00 |

**Note: when ordering specify height from floor to top of roller**

## Battery Roller Service Stands with Charger Shelf

Designed as a complete service charging station. Ideal for keeping chargers up to 800 pounds in a safe place off the floor.

| ITEM | WIDTH | PRICE |
|---|---|---|
| DOUBLE STANDS WITH CHARGER SHELF | | |
| BS-15-2-CS-A | 15" | $3,070.00 |
| BS-18-2-CS-A | 18" | $3,600.00 |
| BS-22-2-CS-A | 22" | $3,940.00 |
| BS-24-2-CS-A | 24" | $4,120.00 |

# Propane handling solutions for a safer workplace.

## Carbon Monoxide Detector
## Passive Multi-Level CO Detector

- *Minimum 18 month product life*
- *Multi-level detection: normal, caution & danger*
- *Perfect for the warehouse, office or confined space area*
- *Unique packaging protects sensor from contamination*
- *This visual detector is about the size of a credit card*

**Carbon Monoxide Detector Card**
**CARB-E..... $30.00**

## Carbon Monoxide Electronic Alarm

**Install it anywhere CO is a hazard**

**Installs:**
- **Walls**
- **Trailers**
- **Forklifts**
- **Racking**

- LCD Display
- Includes batteries, anchor bolts, manual & double-sided mounting tape.
- Detection mode: Electrochemical sensor
- Battery: DC 4.5V (3*AA1.5V) Included
- Volume: 85dB (1M Distance)
- Sensor Lifespan: 10 years
- Dimensions: 5.5" wide x 2.6" height x 1.4" thick

**Carbon Monoxide Electronic Alarm**
**COALARM-C..... $60.00**

## Complete Propane PPE Kit

**Personal Protective Equipment for Liquid Propane Gas**

The PPE for LPG contains all of the required PPE to change propane tanks. Each kit comes complete with a pair of safety gloves, safety glasses, a leak detector and a full set of easy-to-follow instructions. The wall board can be mounted in the propane changing area.

**Complete Propane PPE Kit**
**PPEB-E..... $160.00**

## LPG Safety Grip

**Take the LPG Coupler On & Off Easier and Safer!**

***Helps prevent serious thermal injury burns from escaping liquid propane***

The LPG Safety Grip is a soft rubber boot that easily fits over the brass coupler.

- *Provides protection against escaping liquid propane gas as it redirects liquid propane away from the operator's hand*
- *Rubber grip makes it easier to tighten and loosen the coupler*
- *Installs in minutes over all 1-1/4" couplers*

Brass coupler not included.

**Note: The LPG Safety Grip does not eliminate the required PPE for changing LPG cylinders.**

**LPG Safety Grip**
**SAFEGRIP-C..... $35.00**

## Brass Coupler

- *Standard coupler 1-1/4" x 1/4" FNPT*
- *Brass and steel construction*
- *Connects directly to the forklift propane hose*
- *UL Listed*

**Brass Coupler**
**COUPLER-C..... $35.00**

## Propane Cylinder Handling Gloves

Operators are required to wear proper hand protection when exchanging propane cylinders. The PVC Propane Gloves are used to safely exchange propane cylinders and helps prevent any injuries to the operator's hands. Extremely cold propane can cause frost burn to exposed skin and can ultimately cause nerve damage if no protection is worn. The PVC Gloves include chains and wires to conveniently attach to the overhead guard and allow easy access for operators. The gloves are hung on a magnetic hook when not in use.

**Propane Cylinder Handling Gloves**
**OHBD-E..... $48.00**

## Retracto-Glove For Propane Forklifts

Operators are required to wear proper hand protection when exchanging propane cylinders. The PVC Retracto-Glove is used to safely exchange propane cylinders and helps prevent any injuries to the operator's hand. Extremely cold propane can cause frost burn to exposed skin and can ultimately cause nerve damage if no protection is worn. Retractable and ready to use, the Retracto-Glove is attached to a spring loaded chain and installs in seconds without any tools. The glove is hung on a magnetic hook when not in use.

**Retracto-Glove**
**RETRC-E..... $48.00**

## Low Propane Fuel Gauge

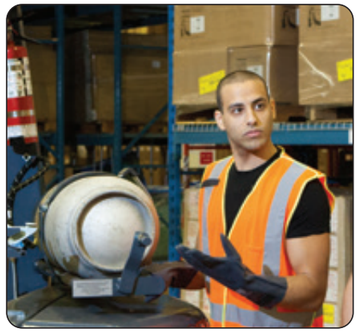

The Low Propane Fuel Gauge is a new patented technology that senses when the cylinder has approximately one half gallon of LPG left in the cylinder.

This gives the forklift operator 20 - 30 minutes advanced notice to complete the job and exchange cylinders in a safe area.

**Running Out of Propane is Never Productive or Safe!**
**Get a 20 Minute Warning Before You Run Out!**

UL Listed

**Time to Change Tank**

Running out of propane is never productive or safe! Get a 20-minute warning before you run out! With the low propane fuel gauge, the red light will indicate when propane changes from a liquid state to vapor state.

**Low Propane Fuel Gauge**
**LPFG-B..... $270.00**

## LP Cylinder Loader

- Allows pick-up & placement of tanks on forklift
- Designed to transport and store up to 6 full LP tanks
- Collapses for easy storage.
- Powder coated for long-term wear
- Easy set-up and operation
- 360⁰ swivel boom

**LP Cylinder Loader**
**LP-6-A ..... $6,320.00**
*Shipping included

## Propane Cylinder Equipment Caddies

- Move cylinders safely
- Designed to transport and store up to 6 full LP tanks
- Accommodates cylinders 12"D x 24"H
- Size: 27" x 31" x 29"

**Cylinder Equipment Caddy**
**LP-170-A ..... $1,730.00**
*Shipping included

## Low Propane Fuel Indicator Kit

- Warns operator of low propane fuel
- Fits all propane systems
- 12 volt system
- Comes with warning indicator light
- Audible alarm option available
- Red light on dashboard will activate once the propane cylinder is close to empty

**Low Fuel Indicator Kit**
**N15-0013-1A-A..... $170.00**

**Low Fuel Indicator Kit w/ Audible Alarm**
**N15-0012-1A-A..... $180.00**

## Propane Cylinder Storage Cabinets

- All steel construction/rust resistant
- Heavy duty steel angle frame
- 8 gauge galvanized wire
- Horizontal or vertical storage available

*Cabinet may be different than shown

| ITEM | DESCRIPTION | OVERALL SIZE (W X L X H) | PRICE |
|---|---|---|---|
| GS-6 | 6 Cylinder Capacity | 42.5" x 25.5" x 37" | $1,530.00 |
| GS-12 | 12 Cylinder Capacity | 30" x 39" x 72" | $1,790.00 |

## Safety Harness & Lanyard Combo

The full body harness comes complete with a 6 foot detachable shock-absorbing lanyard. The full body harness is made of lightweight, durable polyester webbing with fully adjustable straps to fit most workers. Meets with applicable OSHA, ANSI and CSA Standards.

***Features:***
- ***Lightweight,***
- ***durable polyester webbing***
- ***Fully adjustable designs***
- ***Sliding back D-ring***
- ***Sub-pelvic strap***

**Harness & Lanyard Combo**
**SFPHL6Q-C..... $250.00**

## Miller H700 Full Body Premium Harness

The Miller H700 Full Body Premium Harness offers innovative engineering and an ergonomic design to provide the ultimate comfort for the operator. Harness comes complete with waist pad, quick connect leg and chest buckles, front and side D-rings and is a universal fit.

**Miller H700 Full Body Harness**
**H7CC3A2-A..... $970.00**

**Features Include:**
- One-pull trauma relief step provides a state-of-the-art solution for suspension trauma relief
- Fast Action Bayonet style connectors - allows quick and easy donning
- Configurable leg strap design for customizable comfort
- Modular lightweight accessory straps designed for adjustability and convenience
- Practical integrated self-retracting lifeline connector
- Tool tether anchors and lanyard keepers are positioned in several convenient locations including front and waist
- Rated to 420 lbs maximum weight capacity
- Universal size fully adjustable – one size fits most
- ANSI/OSHA compliant and CSA approved

## Safety Harness

This lightweight universal safety harness has adjustable straps for the leg, chest and shoulder. It features a fully adjustable design, durable polyester webbing, and sturdy D-ring locks.

**Safety Harness**
**SFPFBHQ-C..... $175.00**

## Lightweight Lanyard

This lanyard is lightweight and also includes a shock absorber in case of a fall. 6' length will allow for maximum movement on an order picker.

**Lightweight Lanyard**
**SFP6SALQ-C..... $175.00**

## Turbolite Plus
### Personal Fall Limiter

The unique 6-foot TurboLite Plus Personal Fall Limiter provides the same working capacity as a traditional shock-absorbing lanyard while instantly arresting a free fall within inches rather that the 3 1/2 feet needed for a traditional shock absorbing lanyard.

**TurboLite Plus Personal Fall Limiter**
**MTL-OHW1-01/6FT-C ..... $410.00**

# SAFE-Weigh Hydraulic Scale

The SAFE-WEIGH series on-board weighing system is designed to give high accuracy at a budget price. This microprocessor based weight system is connected to the hydraulic lifting system on lift trucks or similar machines.A load can be placed on the forks and can be accurately weighed by measuring the hydraulic pressure. Designed for heavy industrial use, the lift truck can weigh a load in under 15 seconds. This will ensure your shipments will not exceed trailer capacity, waybills match actual weight, lift truck capacity is not exceeded and material inventory matches actual weight. Once you use the SAFE-WEIGH, you will wonder how you managed without it. **The SAFE-WEIGH is accurate to +/- 1% of the lift truck capacity.**

**FEATURES**

- *Stainless steel case and transducer*
- *Easy to read, user friendly*
- *External on/off switch*
- *Selectable capacity and division sizes*
- *kg. or lb. unit is selectable*
- *Capacity up to 99,999 lb.*
- *1 year warranty*
- *12-48V Operating Voltage*

***Functions***

- *Tare Weight (zero out container weight)*
- *Total Weight (totals the weight of many pallets)*
- *Over Weight Alarm if load exceeds lift truck capacity*

NOT LEGAL FOR TRADE

+1 / -1% ACCURACY OF THE LIFT TRUCK CAPACITY

**SAFE-Weigh Scale**
**SAWE-C..... $2,950.00**

**SAFE-Weigh Printer Option With Mount**
**SWPRINTER-C..... $795.00**

Note: No DC-DC Converter Required for 24-48V Electric Trucks.

## Pallet Truck w/ Scale - 99.9% Accurate

NOT LEGAL FOR TRADE

The Pallet Truck with Scale allows you to weigh your load as you are handling it. The frame uses heavy-duty steel construction for maximum strength and durability. This model is very user friendly and is suitable for low height lifting. Standard with an on-board charger and AC adaptor.

- Capacity is 5,000 lb.
- Load cells built into forks
- 99.9% accurate
- Mettler Toledo TM scale
- Service range: 3" to 7.5"
- 40 hours continuous battery use (approximately)
- Push-button tare, clear and zero
- Programmable auto shut-off
- Available in lbs. or kg.

*Shipping included

ACCURACY AT A GREAT VALUE

**Pallet Truck Scale 21"W x 47.5"L**
**PM-2048-SCL-LP-B..... $5,570.00**

**Pallet Truck Scale 27.5"W x 47.5"L**
**PM-2748-SCL-LP-B..... $5,600.00**

**Pallet Truck Scale with Printer 21"W x 47.5"L**
**PM-2748-SCL-LP-PT-B..... $6,750.00**

## U-Shaped Platform Scale

This scale is designed to handle pallets, and is easy to move and store. Ideal for moving around the work place where there is not enough room for a fixed scale.
Scale is suitable for weighing in a warehouse, storehouse, or general use. Includes two (2) wheels and handle for easy portability. Equipped with four (4) heavy duty load cells and a deluxe indicator head. Display powered by 115V AC, cord included. Surface width is 5" wide.
Constructed of heavy-duty steel.

**U-Shaped Platform 48"W x 56"L x 4.75"H**
**6,000 lbs capacity**
**VPU-6-B..... $3,360.00**
*Shipping included

## Portable Floor Scale

Portable Floor Scales are ideal for easy transportation and weighing of goods at multiple locations. The scale has a non-slip diamond plate surface. Fold down low gradual ramps are fixed to the platform. Ramps make the scale ideal for wheeling pallet trucks, dollies, carts and containers on and off the platform. Four alloy steel load cells and deluxe scale indictor head. Display powered by (6) six AA Cell batteries or 115V, 1 phase AC power, cord included. Indexing accuracy is 1.1 pounds.

| ITEM | PLATFORM SIZE | CAPACITY | PRICE |

# Ergo Back-up Handle

Reduce back strain with the Ergo Back-up Handle. Operators who are required to travel frequently in reverse often grab the overhead guard. This is a dangerous practice and has resulted in serious injuries.

- *Eases back stress when turning around*
- *Fits any lift truck*
- *Installs in minutes*
- *Keeps operators hand inside the operator compartment*
- *Optional horn switch allows operator to keep left hand on steering wheel*

**Back-Up Handle**
**BUPH-1-D..... $75.00**

**Back-Up Handle w/ Horn Button**
**BUPH-2-D ..... $90.00**

**Back-Up Handle w/ Built-In Horn Unit**
**BUPH-3-D..... $130.00**

# Anti-Blind Spot Dome Mirror

Lift truck operators need to know what is going on all around the lift truck. This mirror gives a complete 180$^0$ view allowing the operator to do a quick safety check before they travel in reverse. Installs on any lift truck in seconds with 3M two sided tape.

Also available with a durable magnetic arm to attach to any metal surface.

9" Dome Mirror with Adhesive

*Made of Acrylic

9" Dome Mirror with Magnet Arm Mount

**9" Dome Mirror with Adhesive**
**DOME-1-D..... $75.00**

**9" Dome Mirror with Magnet Arm Mount**
**DOMEM-1-D ..... $95.00**

## Mega Mirror

The mega mirror can mount on the overhead guard in seconds using the magnetic arm attachment. Provides a wide angle view of the operator's surroundings for safety and ideal for travelling in reverse.

**Dimensions:**
**17-3/4"W X 3-1/4"H**

*Made of Acrylic

**Mega Mirror with Magnetic Arm Mount**
**MEGAM-D ..... $95.00**

**Mega Mirror for 45 Degree Overhead Guards**
**MEGAM45-D ..... $105.00**

## Side-View Mirror

The side-view miror can mount anywhere in the operator's compartment in seconds using the magnetic arm attachment. Provides a side-view of the operator's surroundings for safety.

**Dimensions:**
**4-1/2"W X 8"H**

*Made of Acrylic

**Side-View Mirror with Magnetic Arm Mount**
**SIDEM-D..... $95.00**

# Lift Truck Log

Complete Checklist System

Plant Engineering PRODUCT of the YEAR Finalist 2008

**The most complete Lift Truck recording system on the market.**

2-3 YEARS SUPPLY

Lift Truck Log Includes:

- Daily Check Lists - 624
- Repair Request Forms - 24
- Accident Report Forms - 4
- Near-miss Report Forms - 4
- Lock-out Tag (required if truck unsafe to operate)
- PM Tracking History - 36 Events (know when to service each truck)

**ALL IN ONE BOX THAT EASILY ATTACHES TO ANY LIFT TRUCK!**

*Kit includes: Log, Plastic Case, Lock-out tag, and pull-strap*

**NOTE:** Regulation states that a **lift truck be inspected before the beginning of each shift and a record be kept on file.** The Lift Truck Log is a complete system that ensures the operator completes this important task. The Log is a highly visible case that mounts anywhere on the lift truck. A guaranteed way to ensure everyone does their safety inspections

***SPANISH TEMPLATE AVAILABLE.**

Sample Checklist
624 Events per Log

| Lift Truck Log Types | | |
|---|---|---|
| **ITEM** | **DESCRIPTION** | **PRICE** |
| **LOG(CB)-E** | Propane Counterbalance | $65.00 |

# Start Manager

## Start-Manager Operator Access Control Systems

Control who has access to your forklifts and machinery with Start-Manager's dual function access control devices. All models can be activated with a 4-digit key code or 125 kHz proximity card or key-fob. These rugged units are weather proof, dust proof and vandal proof, and are built for the toughest industrial applications. The SM301 unit features a daily operator safety check to be completed at the start of each shift. The SM301 unit includes an integrated Wi-Fi transceiver to allow for web-based data tracking for all trucks equipped with this model. Every model includes (2) per-programmed key-fobs (1 yellow for supervisor, 1 gray for operator) and extra key-fobs are available. The gray key-fobs are programmed to work with all Start-Manager units in the fleet and the optional black key-fobs are programmed to work on a single Start-Manager unit within the fleet. The Cold Storage Package option protects units from condensation in freezer applications.

### Start-Manager Model #SM101

**Dual Function Vehicle Access Control**

**SM101 Standard Features:**

- 16-key stainless steel keypad
- Indestructible rubberized nylon housing
- Storage for up to 250 4-digit key codes
- Storage for up to 100 proximity card numbers
- Easy to program and remove codes or cards
- Last Operator search feature (for accident ID)
- Includes vehicle start and stop buttons
- 12-48V built-in voltage converter
- Includes (2) pre-programmed key-fobs (1 yellow and 1 gray)
- 1 year warranty

**Start-Manager Dual Function Access Control**

**SM101-A ..... $750.00**

### Start-Manager Model #SM301

**Vehicle Access Control with Daily Operator Safety Check - Wireless**

**SM301 Standard Features:**
**Includes all the features of the SM101 Model Plus:**

- OLED white on black graphic display
- Vehicle hour meter, ID number, date and time
- OSHA/MOL compliant daily safety check feature
- Vehicle will not start until safety check is completed
- After a failed safety, choose whether or not the vehicle can start
- Information can be easily retrieved via your existing WiFi network
- Information is collected: Vehicle number, current hours,

# Multi-Use Lock-Out Box

**PREVENT USE OF UNSAFE EQUIPMENT.**

The Equipment Lock-Out Box is a lock-out and tag-out system that locks-out and tags-out your lift truck or other material handling equipment until repairs are made. This minimizes workplace injury by preventing the use of unsafe and malfunctioning facility equipment, water and gas outlets. The Lock-Out Box can also be used to lock-out / tag-out devices such as forklift battery connectors, propane cylinder valves etc. The Lock-Out Box comes complete with lock-out box, lock-out tags, straps, lock and key.

This Lock-Out Box was awarded Plant Engineering 2008 product of the year. A simple solution to important employee safety.

**Lock-Out Box**
**LOCKBOX-E** ..... $52.00

**LOCKBOX-S-E (Same Key)** ..... $52.00

**Size: 6.5" L x 3.5" W x 2.5" D**

2008 Plant Engineering PRODUCT of the YEAR WINNER

The Equipment Lock-Out box will lock-out your lift truck (or other equipment) until repairs are made. Comes complete with lock-out tag, straps and lock.

## Locks out a multiple of applications!

Forklift Battery Connectors

110-220-550 Volt AC Plugs

Forklift Propane Connectors

12 Volt DC Starter Batteries

Cylinders

Valves

**LOCK-OUT APPLICATIONS AT THE ENERGY SOURCE**

# Lock-Out Tags

Set of 25 Lock-Out Tags comes complete with 25 straps. Each tag is perforated so the bottom can be removed and adhesive double sided tape allows it to be attached to work orders.

Size: 6" x 2-7/8"

**Lock-Out Tags** (Box of 25)
**TAG25-E** ..... $63.00

# SB Connector Lockbox

* Lockout Device for SB, SBX, and DIN Connectors
* Made of durable polypropylene
* Fits 50, 175, and 350 amp connectors
* Has two padlock positions for OSHA lock-out/tag-out programs
* Instructions molded into cover in three languages - English, Spanish, and French

**Size: 10.25" L x 4" W x 2.25" D**

**SB Connector Lockbox**
**SBLB-D** ..... $90.00

# Accu-Tilt
## Fork Tilt Level Indicator

The Accu-Tilt shows the operator the level of the forks at all times thereby reducing potential damage by piercing product or racking and increasing productivity by eliminating the guess work. Easy to install and for the operator to understand. It pays for itself in a manner of weeks. Installs in 2 minutes without any tools on any counterbalance lift truck.

- Reduce product damage
- Reduce rack damage
- Reduce pallet damage
- Increase productivity
- Decrease training time for new operators

**Accu-Tilt**
**ACCUTILT-B** ..... $250.00

**Accu-Tilt with Accu-Height**
**ACCUTILT-H-B** ..... $270.00

**Front View**

This is the display the operator sees when looking through the mast.

# Accu-Height
## Fork Height Indicator

2010 Plant Engineering PRODUCT of the YEAR WINNER

The higher the lift, the harder it is to judge the correct height of the forks. Accu-Height is a simple sticker set that allows the operator to quickly know the right height of the forks at various rack levels. No more guessing if the forks are at the right height. Once the stickers are in place, the operator can quickly go to the right height. It only takes 15 minutes to install.

*** Accu-Height is to be used with Accu-Tilt.**

**Correct Fork Height for Entry and Exit of Pallet**

By matching the indicator sticker with the color marker, the correct fork height is obtained to enter the pallet safety.

**Accu-Height**
**ACCUHEIGHT-E** ..... $30.00

# The ProEnclosure
## Toyota Forklift Cab Enclosure

Whether you are looking for extra protection for outdoor operations or simply want to improve operator comfort and safety in your warehouse, the ProEnclosure selection of high-quality enclosures has you covered. Experience ultimate protection and comfort with the complete Toyota Forklift Cab Enclosure Kit. This all-inclusive kit includes doors, rear windshield, front windshield, and roof, providing a fully sealed enclosure for your Toyota forklift. Designed with precision, the cab enclosure components are crafted to contour perfectly with the frame, ensuring a secure fit. The components can be purchased individually or in sets. They are simple and easy to install with basic handtools and offer excellent visibility.

The front windshield is designed to provide unobstructed visibility and reliable protection for operators. The rear windshield features a two-piece design with latches, allowing quick and convenient disconnection of the lower portion for hassle-free maintenance. The roof is engineered to withstand challenging environments and shields operators from rain, snow, and direct sunlight. Equipped with gas struts for effortless opening and closing, the doors provide easy access to the forklift's cab. The sliding window enhances ventilation, while the internal and external door handles offer versatility and convenience.

*Note: Shipping Included to most areas. Surcharge for certain locations*

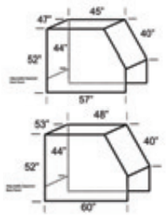

| ITEM | DESCRIPTION | PRICE |
|---|---|---|
| PECABSET-A | Complete Enclosure Set | $8,590.00 |
| PECABFRONT-A | Front Windshield **ONLY** | $1,070.00 |
| PECABROOF-A | Roof Panel **ONLY** | $1,070.00 |
| PECABREAR-A | Rear Windshield **ONLY** | $1,070.00 |
| PECADOOR-A | Set of Left & Right Doors **ONLY** | $6,850.00 |

## Atrium Full Forklift Enclosure

- *Durable vinyl plastic*
- *Maintains operator visibility*
- *Cold crack resistance of -10° F*
- *Great for windy conditions*
- *Securable with Velcro straps for easy installation*
- *Fits almost any counterbalance lift truck*
- *Prevents cold air from entering operator compartment*

**Standard**
**Up to 6,000 lbs**
**ATR-1-D** ..... **$470.00**

**Large**
**6,000 -12,000 lbs**
**ATR-2-D** ..... **$550.00**

## Overhead Guard Rain Shields

This easy to install rain guard will protect your operators from rain or snow.

- *Attaches in seconds*
- *Universal for forklift, utility & security carts*
- *SUPERCLEAR material*
- *Impact resistant vinyl*

INSTALL ON FRONT, TOP OR BACK!

PROTECTS FROM RAIN OR SNOW!

*Measurement details: 40" L x 45.5" W*

**Forkshield Weather Guard**
**FSD01-D** ..... **$250.00**

## Solar Cap Canopy Protection

- *No more squinting while transporting an overhead load*
- *Get more coverage with a see through visor*
- *Stay shaded from direct sun-light*
- *Made from durable anti-glare material*

*Measurement details: 52.5" L x 46" W*

**Solar Cap**
**SC1-D**..... **$290.00**

## A Clear Solution to a Common Problem

Designed to divert rain and small particulates away from the operator.

Since 1999, ClearCap™, has been providing rugged and well designed roof covers for current and late model lift trucks. Made of high impact, non-yellowing poly carbonate plastic, ClearCap™ provides relief from rain, snow, dust and sunlight for operators.

ClearCap™ features a unique dome design that diverts rain and small particulates away from the operator. Channels and gutters eliminate cascading water. This alternative to shrink-wrap, plywood, and cardboard provides greater operator comfort and safety.

ClearCaps™. OSHA standard 1917.43 (e)(1)(ii): clearly states that "Overhead guards shall not obstruct the operator's view."

Easy to Install, Reasonably Priced: ClearCap™ is quick and easy to install. No drilling or tapping is required; eliminating expensive shop time. Provide us with your overhead guard dimensions or lift truck model and we'll help you find a ClearCap™ that fits your forklift.

Four slotted holes and cam lock nylon straps allow for a simple, secure and tool-free installation in seconds.

# TUFFCAB
## FORKLIFT PANEL CAB ENCLOSURE

## The TuffCab Forklift Panel Cab Enclosure

The TuffCab Panel Cab Enclosure comes complete with windshields, roofs and rear panels that can be purchased and installed individually or in sets. They are simple, easy to install and cost-effective. TuffCabs are made of durable heavy gauge steel and tempered safety glass construction. Windshields include a 12-volt wiper. They offer excellent visibility with a large roof view and rear window panel for backup protection.

### TuffCab Features:

- Full enclosures or Individual components available
- Reliable and Affordable
- Durable steel & Safety Glass Construction
- Easy clamp-on installation
- Fast lead times
- Windshield includes 12V wiper
- Vinyl curtains

**Pricing For Toyota 8FGCU25/30/32 and 8FGU18/25/30/32 (Does Not Fit 8FGCU18)**

# SPEED-WATCH
FORKLIFT OVERSPEED ALERT SYSTEM

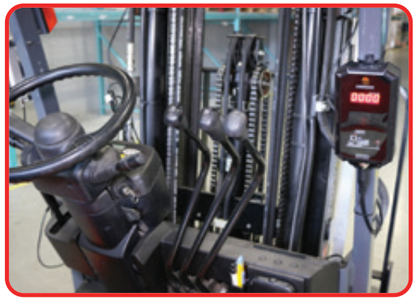

The Speed-Watch Forklift Overspeed Alert System is specifically designed to warn the operator, supervisors, or surrounding pedestrians of the maximum allowed approaching speed of the forklift. Three distinct speed warning levels can be programmed into the Speed-Watch System that will alert the operator or nearby pedestrians as the speed of the vehicle increases. These warnings include a red LED strobe light for a visual effect, voice emitting speaker for an audible effect, or a combination of the two warnings. The control box with display always shows the traveling speed of the forklift for the operator. The battery powered speed sensor comes paired with the system and is quickly installed using a plastic mounting bracket glued within the wheel of the forklift. The included paired remote is used to easily program the system with the desired forklift speed warning levels and various voice emitted actions. Forklift speed levels are accurately calculated by the system using the diameter measurement of the forklift wheel, and detecting the number of wheel rotations over a given time. The operating voltage of the control box with display and strobe light is 12 – 48V, and both are easily mounted using the included cables ties and optional 100 lb test magnets.

**Features:**

- Program up to three distinct speed warning levels
- Red LED strobe light for visual warning
- Voice emitting speaker for audible warning
- Control box with display always shows the traveling speed of the forklift
- Paired battery powered speed sensor with easy access to replace battery
- 12 – 48V operating voltage for strobe light and control box with display
- Quick and easy installation with included cable ties and 100 lb test magnets
- Simple programming instructions with use of paired remote

**Speed-Watch Overspeed Alert System**
**SPEEDWATCH-B..... $850.00**

# Tri-View 3-Way Wired AI Reverse Assist Forklift Camera System

Great visibility on a forklift can be challenging, and operators continually struggle to get a proper view all around the lift truck. Having to constantly look around the forklift to avoid obstacles, racking and pedestrians takes great effort for the operator and can be very stressful. The Tri-View 3-Way Wired AI Reverse Assist Forklift Camera System gives the operator a clear 170-degree view of what is behind them at a single glance. The Tri-View includes one rear view wired camera looking directly behind the forklift, and two side view wired cameras providing the operator with a view of the left and right sides of the forklift. The Tri-View 7" Display conveniently shows all three camera views at once on the screen with the rear view on the top, and the two side views on the bottom of the screen for the left and right. The display's AI feature identifies any pedestrians within view and alerts the operator with a visual box outlining the pedestrians on the screen, and an audible alarm when a pedestrian enters the blind spot trapezoidal areas closer to the forklift. The blind spot trapezoid lines that appear on the display can be lengthened or shortened depending on the size of the blind spot desired for each camera. The Tri-View System is easily installed and adjusted on the forklift with its plug and play wired design and the use of swivel brackets. Powerful magnets are also included to conveniently mount all three cameras. The operating voltage is 12 – 48V and both the 7" display and cameras are waterproof.

With all 3 camera's connected, the monitor gives the operator a clear 170-degree wide view.

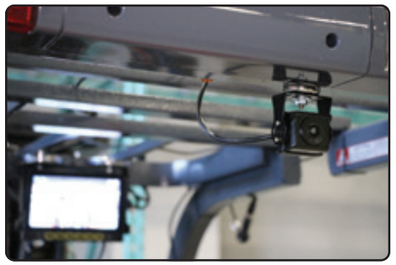

**Features:**

- Wired display and cameras with operating voltage 12 – 48V
- Includes (1) rear view camera and (2) side view cameras with magnets
- AI (Artificial Intelligence) enabled display detects and alerts for pedestrians
- Audible alarm sounds when pedestrians enter the blind spot trapezoids around the lift truck
- Blind spot trapezoids can be adjusted as desired
- All three camera views are displayed on the screen at the same time
- Waterproof 7" display and cameras
- Easy installation with plug and play design
- Operating temperature: -4 F to 158 F

With the AI feature enabled, the camera detects and alerts the operator of pedestrians.

**Tri-View 3-Way Wired AI Reverse Assist Camera System**
**TRIVIEW-B..... $950.00**

# EAGLEYE
## Forklift Camera System

*Note: Hardwire installations not recommended for Crown Trucks. Call for options.

The Eagle-Eye is a durable, metal encased forklift camera system that is IP67 rated for dust and water protection. The Eagle-Eye is also a fully wireless camera system, so no unnecessary cables are needed between the camera and the monitor. The Eagle-Eye comes complete with 9" LCD monitor, 40-hour battery pack, camera, key fob switch and carriage mount bracket. The single camera kit package is suitable for fork-view only applications and the 4-way camera kit package provides a 360 degree view for the operator as a complete safety solution. The Battery Charge Saver option automatically turns the battery off every five minutes to conserve the charge, and is reactivated with any type of movement or vibration.

### Eagle-Eye Features And Benefits:

- No unnecessary external wiring, all components are hidden away inside of the Eagle-Eye.
- All vital components are protected by a steel casing.
- Camera is IP67 rated for dust and water protection.
- Monitor can be installed on any 12 - 48V forklift.
- Switch function turns camera off after 5 minutes of inactivity, saving the life of the battery by 3-5 times longer.
- All components can be charged within the casing or removed from the velcro for quick replacement.
- Easy Installation and operation.

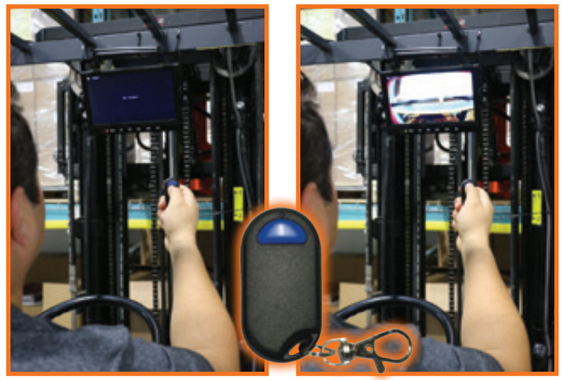

### Eagle-Eye Specifications:

- LCD Monitor Size: 9"
- Power Supply: 12 - 48V
- Power Consumption: Maximum 6W
- Operating Temperature: -4 F to 155 F RH 90%
- Warranty: 1 Year

| ITEM | DESCRIPTION | PRICE |
|---|---|---|
| EAGLEEYE-B | Eagle-Eye Wireless Camera System - Class 2 Carriage | $1,480.00 |
| EAGLEEYE-C3-B | Eagle-Eye Wireless Camera System - Class 3 Carriage | $1,650.00 |
| EEBAT-B | Eagle-Eye Extra Battery Pack | $240.00 |
| EEBATTSAV-B | Battery Charge Saver Option | $30.00 |
| EE4WAY-B | Eagle-Eye 4-Way Camera System | $2,070.00 |
| EE4WAY-C3-B | Eagle-Eye 4-Way Camera System - Class 3 Carriage | $2,250.00 |

*Standard Class 2 Carriage: Measures 16" from top to bottom of carriage, for lift trucks ranging from 2,500 – 5,500 lbs lifting capacity

*Standard Class 3 Carriage: Measures 20" from top to bottom of carriage, for lift trucks ranging from 6,000 – 10,900 lbs lifting capacity

The key fob allows the operator to only use the Eagle-Eye when needed. Monitor view automatically turns off after 5 mins of inactivity.

# SAFE-VIEW
## Wireless Camera System

*Note: Hardwire installations not recommended for Crown Trucks. Call for options.

The Safe-View Wireless Camera System is an excellent tool to give the operator a variety of different views around the lift truck. The Safe-View is extremely easy to install and operate and can be used in the front, back or anywhere around the lift truck where visibility is limited. The optional Magnetic Mount Camera Bracket equipped with impact bumper can easily be installed on the mast to protect the camera for front view applications. The Safe-View Wireless Camera System includes the 7" or 9" LCD Display, Rechargeable Battery Pack and Wireless Camera.

### Safe-View Features And Benefits:

- 7" or 9" LCD Monitor with 120 degree view angle camera
- Exceptionally clear picture
- Digital wireless system with built-in transmitters in the camera and display
- Automatic pairing capability with no interference from any other cameras
- Night Vision technology so you can see clearly in low light or dark conditions
- Recording capability with the use of an SD card
- 7" or 9" display accomodates up to 4 cameras
- Built with water and impact resistant housing
- Can be mounted anywhere on the forklift
- Easy Installation and operation
- Camera view can be rotated in 90 degree intervals on each monitor

### Safe-View Specifications:

- LCD Monitor Size: 7" or 9"
- Power Supply: 12 - 48V
- Power Consumption: Maximum 6W
- Transmitting Distance: Approximately 100'
- Operating Temperature: -4 F to 155 F RH 90%
- Warranty: 1 Year

### The Safe-View Kit Includes:

- LCD Monitor (7" or 9")
- Rechargeable Battery (21 hrs)
- Wireless Camera

| ITEM | DESCRIPTION | PRICE |
|---|---|---|
| SAFEVIEW-B | Safe-View Wireless Camera System with 7" Display | $830.00 |
| SAFEVIEW-9-B | Safe-View Wireless Camera System with 9" Display | $910.00 |
| | **Options** | |
| SVCAM-B | Extra Wireless Camera | $280.00 |
| SVBP-21-B | Extra Rechargeable Battery Pack | $280.00 |
| SVBRACKET-B | Camera Bracket With Bumper (Class 2 Carriages Only) | $240.00 |
| SVSWITCH-B | Camera Switch Option | $100.00 |
| SVCABLEREEL-B | Camera Cable Reel | $830.00 |

### Available Options:

**Safe-View Cable Reel**
Supplies additional power cable for the Safe-View camera.

**Safe-View Camera Switch**
Turns the camera off after 5 mins of inactivity to save battery life.

**The Safe-View Camera Bracket With Bumper**
*Only Available For Class 2 Carriages

# BAT SONAR
## PROXIMITY ALERT SYSTEM

*Note: Hardwire installations not recommended for Crown Trucks. Call for options.

*Bat Sonar With Camera & 7" Display*

*Bat Sonar With Alert Speaker*

Alert your forklift operators of nearby pedestrians and obstacles when travelling in reverse with the Bat Sonar Proximity Alert System. The Bat Sonar is available in a camera and 7" monitor model that produces a visual and audible alarm or a speaker only model that produces an audible alert for the operator. Each system includes two sensors with magnets and additional sensors are available (accommodates up to four sensors).

**Features:**

- 12 - 55V Operating Voltage
- Includes 20 feet of plastic cable sleeve
- Accommodates up to four sensors
- Detection range begins at 4 feet
- Audible alarm intensifies as pedestrians or object nears
- High Sensitivity Digital Radar produces low false alarm rate
- Detection angle approximately 70 degrees for each sensor
- Anti-jamming housing design with anti-interference properties
- 1 year warranty

**Bat Sonar System with Camera and 7" Display**
**BATSONAR-CM-B**..... $780.00

**Bat Sonar System with Speaker Only**
**BATSONAR-S-B**..... $620.00

**Additional Bat Sonar Sensor with Magnet**
**BSSENSOR-B**..... $90.00

The Bat Sonar starts detecting pedestrians and objects at 4 feet and alerts the driver immediately with an alarm.

The Bat Sonar display will make a loud detection sound to alert the operator that a pedestrian or object is behind the vehicle.

## LOOK-OUT™
### Collision/Pedestrian Awareness System

Blind intersections are a safety hazard for both forklifts and pedestrians. Over 40% of all forklift accidents involve pedestrians who often do not survive the incident. LOOK-OUT™ is a warning light device that uses motion sensors to warn on-coming traffic that there is a possible danger around blind corners.

Lets pedestrians and forklift operators know if someone is just around the corner with the New LOOK-OUT™

- **Avoid deadly & costly forklift collisions**
- **100,000 hours lamp life**
- **Indoor, outdoor and cooler applications**
- **Adjustable sensors can detect moving objects 32 feet away**

**LOOK-OUT™ 2-Way**

*Shipping Included

| ITEM | DESCRIPTION | PRICE |
|---|---|---|
| LOOKOUT-2-B | Look-Out 2-Way Collision/Pedestrian Warning System | $1,680.00 |
| LOOKOUT-3-CM-B | Look-Out 3-Way Pedestrian Warning System - Ceiling Mount | $2,040.00 |
| LOOKOUT-3-RM-B | Look-Out 3-Way Pedestrian Warning System - Rack Mount | $1,850.00 |
| LOOKOUT-4-B | Look-Out 4-Way Collision/Pedestrian Warning System | $2,320.00 |
| | **OPTIONS** | |
| TRANSFORMER-B | Optional Internal Universal Transformer for Conduit Installations | $170.00 |
| RSCABLE-25-B | Remote Sensor Cable 25' with Wall or Rack Bracket | $130.00 |
| ALARM-B | Optional Audible Alarm | $220.00 |
| BURSTRED-B | Optional Red Burst of Light Under Look-Out | $330.00 |

## SAFE-SPEED
### Forklift Speed Alert Radar System

When forklift operators travel too fast in a high pedestrian traffic area, safety is in jeopardy. Safe-Speed is a radar detection system that alerts the operator to "SLOW DOWN" when they have exceeded the safe speed limit of a particular area. The Safe-Speed has been specifically designed for industrial equipment as it can detect traffic movement as low as 3 mph. An optional 12 volt flashing light or warning buzzer can also be installed (buzzer included).

- **Speed Range:** 3 mph (4 kph) to 120 mph (199 kph). Set by dip settings up to 30 mph or 50 kph.
- **Accuracy:** +/- 1.5 kph
- **Driver Feed Back Sign Housing:** Weatherproof 370x420x90 mm 14.5" x 16.5" x 3.5"
- **LED Display Characters:** SLOW DOWN, 4" (100 mm) high Super Bright white LEDs
- **Weight:** 3 kg or 6.6 lbs.
- **Power:** 110 volts.
- **Display Brightness:** Auto adjusts to light conditions.
- **Sensor Range:** 160 feet (50 m).
- **Beam Width:** 30/40 degrees.
- Output allows for a light or buzzer to be installed (buzzer included, light not included).

**Safe-Speed Forklift Speed Alert Radar System**
**SAFESPEED-B**..... $2,350.00

## Fit Height Awareness Warning Systems

The Fit Height Awareness Warning System alerts forklift operators of overhead obstacles or walls that may be in the line of an elevated mast or load. When the sensor beams are broken, the "Fit" lights and audible alarm continuously alert the operator to potential danger. The sensors are mounted at a recommended distance of 10' – 15' away from any doorway walls or obstacles that can potentially be struck by elevated loads. AC Power cord lengths are provided for each sensor in the Fit Package, and the Selectable Audible Alarm produces 82 – 100dB with the choice of (32) different tones. Sensor models are available for 70', 130' and 200' distance applications. Multiple Sensor Set models are available for detection from opposite sides of an obstacle or from multiple doorway openings.

Product Applications:

- Sprinkler systems above racks
- Overhead heaters
- Overhead lights
- Overhead storage
- Ceiling fans
- Air handlers
- Loading dock awnings
- Industrial canopies

| ITEM | DESCRIPTION | PRICE |
|---|---|---|
| FITPKG-1-70-B | Fit Height Awareness Warning System - (1) Set of 70' Sensors, 35' and 50' Power Cords | $2,570.00 |

LASER-GUIDE
FORK GUIDANCE SYSTEM

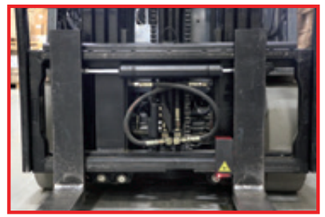

NEW Sleek Smaller Design!

# Laser-Guide Fork Guidance System

Increase warehouse safety and productivity while reducing product damage with the Laser-Guide Fork Guidance System. The Laser-Guide is equipped with an adjustable, fan-shaped laser beam that projects out from the forks indicating the exact fork position. Available in **red** or **green** laser model.

- Turns on only when movement of the forks is detected to prolong charging intervals
- Includes (2) lithium-ion batteries with 110 Volt USB charger included
- Lasts approximately 1- 3 months on a single charge
- Easily mounts to the side of the fork using (3) powerful rare earth magnets
- Installs in minutes
- Single model easily adapts to any lift truck and will fit on any class of carriage
- New ultra-compact, low profile design reduces chances for impacts with loads

| ITEM | DESCRIPTION | PRICE |
|---|---|---|
| LASERGRED-A | Laser-Guide **RED** Laser Model | $760.00 |
| LASERGGREEN-A | Laser-Guide **GREEN** Laser Model | $860.00 |
| LGBAT-A | Laser-Guide Extra Single Battery With Charger | $110.00 |

## Smart-Sound Back Up Alarms

- Available in standard "Beep Beep" sound or white noise sound
- Sealed in epoxy for protection against dust, moisture and vibration
- Solution to potential noise pollution created by back up alarms in populated work areas
- Smart alarm from 76-102 db automatically adjusts sound at 5 db louder than surrounding noise
- Voltage: 12-80V
- Operating temperature range: -40F to +185F
- Warranty: 2 years
- CE rated

**Smart-Sound "Beep Beep" Back Up Alarm**
**BIBISOUND-C..... $90.00**

**Smart-Sound "White Noise" Back Up Alarm**
**WNSOUND-C..... $90.00**

## Pedestrian Safety Traffic Vest

High-visibility mesh 5-point tear-away traffic vest with Velcro closure. Reflective side stripes with Velcro adjustments.

**Pedestrian Safety Traffic Vest**
**8501-C..... $20.00**

## Forklift Steering Spinner Knob

The Spinner Knob features an ergonomic handle and provides the operator with effortless steering of the forklift. Grips all forklift wheels up to 1 ¼" thick and includes all hardware for quick and easy installation.

**Spinner Knob**
**SPINKNOB-E..... $30.00**

## Column Protectors

Affordable protection for warehouse and factory columns and beams. These HDPE protectors fit 6", 8", 10" and 12" round and square supports. Two halves attach with easy-to-install straps.

**Narrow Column Protector**

| ITEM | SIZE (INCHES) | PRICE |
|---|---|---|
| 1706-B | 24" x 24" x 42" (6" Columns) | $790.00 |
| 1708-B | 24" x 24" x 42" (8" Columns) | $790.00 |
| 1710-B | 24" x 24" x 42" (10" Columns) | $790.00 |
| 1712-B | 24" x 24" x 42" (12" Columns) | $790.00 |

**Narrow Column Protector**
**Fits 4"- 6" Columns**
**Size: 13" x 13" x 42"**
**1704-C..... $530.00**

## Corner Protectors

HDPE Corner Protectors deflect the impact, helping to protect plant areas prone to damage by fork truck, hand truck, or personnel traffic.

Easily install on overhead door frames, H-frame racking, factory corners, use horizontally as rack guards or on loading docks. Sold in pairs.

**Corner Protectors 21" pair**
**1720-C..... $330.00**

**Corner Protectors 42" pair**
**1725-C..... $510.00**

## Bollard Post Sleeves

No need to paint and scrape, these Bollard Post Sleeves make old bollard posts look like new. High-visibilty yellow HDPE construction with UV inhibitors resist fading, rusting or cracking. Eliminates annual maintenance while helping to protect vehicles and the post from impact damage. Unique vertical ribs provide extra impact protection while allowing for easy slide-on installation. Sleeves are available in lengths up to 72" and can be trimmed for an exact fit. Available to fit 4", 6" and 8" NPT pipe sizes.

| ITEM | DESCRIPTION | PRICE |
|---|---|---|
| (C)1732-B | 4" Bollard Post Sleeve 56" High - Yellow | $210.00 |
| (C)1730-56-B | 6" Bollard Post Sleeve 56" High - Yellow | $230.00 |

| (C)1738-56-B | 8" Bollard Post Sleeve 56" High - Yellow | $250.00 |
| (C)1738-72-B | 8" Bollard Post Sleeve 72" High - Yellow Only | $290.00 |

## Portable Safety Zone Barrier System

Quickly create a safe and complete visual barrier zone in virtually any indoor application. The Portable Safety Zone is easy to transport and is simple to set up or take down. The slim design allows for easy storage and accessibility. The optional LED Light Package creates a clear awareness of the Portable Safety Zone location in low light conditions.

The Portable Safety Zone Barrier System features:

- 100' of Safety Orange Fencing.
- Easy to Use.
- Fence Locking System.
- Fits Through 30" Doorways.
- Includes 4 Posts, 4 Rubber Base Pads & 4 Magnetic Fence Clips.
- Light Weight & Easy to Transport.
- Safety Orange Powder Coated Steel Construction.

**Safety Zone Barrier System**
**70-6030-C..... $1,950.00**

**Optional LED Light Package**
**70-6036-C..... $250.00**

## Structural Rack Guards

Economical way to protect against damage to pallet racking and wall corners. Constructed of 6" or 8" structural steel "C" channel. Available with or without a rubber bumper. Easy to install to concrete surface. Four mounting holes for maximum stability. Safety yellow powder coat finish. Installation hardware sold separately.

**Structural Rack Guard**

| MODEL | OVERALL HEIGHT | USABLE OPENING |
|---|---|---|

# Safe-Bump Forklift Bumpers

Specifically designed for forklifts, these bumpers reduce damage in many applications. Safe-Bump attaches with two 100 lb magnets and (VHB) two way tape.

Plant Engineering PRODUCT of the YEAR Finalist 2011

Safe-Bump attaches to 4″ and 5″ forks in seconds.

Safe-Bump is only 1.5″ thick and protects product from damage.

Safe-Bump protects both the truck and anything the truck hits.

Safe-Bump can bend 90⁰ to wrap around corners for maximum protection.

Safe-Bump can be applied almost anywhere protection is required.

Size: 18″ L x 4″ W x 1.5″ D
Magnets: two 100 lb magnets
Each bumper includes 2 magnets, two way tape and fork brackets.

**Safe-Bump Forklift Bumper (Yellow)**
**SAFEBUMP-Y-E..... $115.00 ea.**

# Fork-Kushions

The Fork-Kushions offer a resilient yet durable solution by equipping a forklift truck with specially engineered polyurethane bumpers that are mounted to the upright of the fork. These highly engineered bumpers provide cushioning protection from marring, denting and other forms of damage. The unique structure offers excellent wear properties and vibration deadening without compromising the load capacity of the lift truck. Available for 4″, 5″ & 6″ wide forks; mounting bracket measures 24″ in length. Sold in sets including mounting brackets with adhesive and a pair of Fork-Kushions.

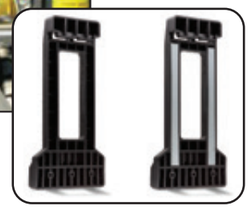

**Ultra Soft Black Kushion**

| ITEM | MATERIAL | FORK WIDTH | PRICE |
|---|---|---|---|
| KPF-3410-SET-A | ULTRA SOFT BLACK | 4″ | $990.00 |
| KPF-3510-SET-A | ULTRA SOFT BLACK | 5″ | $1,100.00 |
| KPF-3420-SET-A | SOFT RED | 4″ | $1,050.00 |
| KPF-3520-SET-A | SOFT RED | 5″ | $1,130.00 |
| KPF-3440-SET-A | GENERAL PURPOSE YELLOW | 4″ | $1,170.00 |

| KPFN-5447-SET-A | CUT RESISTANT | 4″ | $1,420.00 |
| KPFN-5547-SET-A | CUT RESISTANT | 5″ | $1,540.00 |
| KP-5447-SET-A | MAXIMUM IMPACT | 4″ | $1,220.00 |
| KP-5547-SET-A | MAXIMUM IMPACT | 5″ | $1,330.00 |

# Pallet Dawg Forklift Carriage Bumper

Features & Benefits:
- Reduces pallet damage by redirecting a forklifts impact to center block of the pallet
- Low profile impact bumper reduces product damage by avoiding contact with product that overhangs the front of the pallet
- Installed and can be removed in minutes with a socket wrench
- Compatible with any Class II forklift carriage
- Includes spacer plate to ensure a tight fit to forklift carriage
- High impact resistant nylon material
- Weighs only 7 lbs

**Pallet Dawg**
**PALDAWG-B..... $250.00**

**Bull Dawg (Steel Reinforced)**
**BULLDAWG-B..... $280.00**

# Forklift Load Backrest Alarm

Collisions with the load backrest can cause serious damage, resulting in costly repairs. Protect your sprinkler systems, heaters, lights, racking, trusses and trailer roofs with the Load Backrest Alarm. By compressing the rubber sensor, the forklift operator is instantly alerted to stop lifting with the 106 dB audible alarm and LED flashing light. The Load Backrest Alarm is installed in minutes using two powerful magnets to hold the rubber sensor on the top of the load backrest. The alarm is powered by a 9-volt battery and is attached with a magnet. Available in various load backrest lengths.

- Easy to install with powerful magnets.
- Includes 106 dB audible alarm and LED flashing light.
- Audible and visual alarm alerts the operator to stop lifting immediately.
- Powered by a 9-volt battery.
- Long lasting sensor is made of a durable rubber.

| ITEM | DESCRIPTION | PRICE |
|---|---|---|
| LBRALARM-38-C | Load Backrest Alarm - 38" Length | $380.00 |
| LBRALARM-42-C | Load Backrest Alarm - 42" Length | $380.00 |

| LBRALARM-53-C | Load Backrest Alarm - 53" Length | $380.00 |

# Magnetic Fork Covers

The Magnetic Fork Covers are designed for use in any industrial setting where forklifts are used to lift products that could be damaged from contact with bare forks. These versatile, easy-to-use magnetic fork covers protect painted metal, anodized aluminum and wood products from scratching or wear. When confronted with an awkward or slippery load such as metal boxes or cages, forklift operators can install the magnetic fork covers on the forks in a matter of seconds, improving stability and decreasing the chances of the load slipping off the forks. The 42″ and 48″ Magnetic Fork Cover models cover the blade and small back portion of the fork while the 60″ models cover the fork blade only.

| ITEM | SIZE (INCHES) | PRICE |
|---|---|---|
| MFC442-B | Magnetic Fork Covers - 4″ x 42″ Pair | $1,110.00 |
| MFC448-B | Magnetic Fork Covers - 4″ x 48″ Pair | $1,150.00 |
| MFC460-B | Magnetic Fork Covers - 4″ x 60″ Pair - Covers Fork Blade Only | $1,140.00 |
| MFC542-B | Magnetic Fork Covers - 5″ x 42″ Pair | $1,170.00 |
| MFC548-B | Magnetic Fork Covers - 5″ x 48″ Pair | $1,330.00 |
| MFC560-B | Magnetic Fork Covers - 5″ x 60″ Pair - Covers Fork Blade Only | $1,390.00 |
| MFC642-B | Magnetic Fork Covers - 6″ x 42″ Pair | $1,560.00 |
| MFC648-B | Magnetic Fork Covers - 6″ x 48″ Pair | $1,640.00 |
| MFC660-B | Magnetic Fork Covers - 6″ x 60″ Pair - Covers Fork Blade Only | $1,740.00 |

# Fork Tip Protectors

The Fork Tip Protectors are a quick and easy way to make forks safer in a variety of work environments. Durable construction, lightweight and compact for simple storage when not in use. Included 6′ nylon strap allows the user to secure the protectors in place with limited jostling during movement. Models are available in a thick or thin outer shell design and accommodate 4″ and 5″ wide forks. The fork opening of all models measure 5-5/8″ wide by 3/4″ high. Available in orange, red or yellow.

| ITEM | DESCRIPTION | PRICE |

# ALL-KRETE

## Concrete Floor Patch

All-Krete is our multi-use, easy-to-use concrete repair product designed for one-step permanent concrete repair. All-Krete quickly repairs potholes, joints, cracks and does not require any special preparation work or priming. An All-Krete applied pathway can be opened to all forms of traffic within one hour (even in sub-zero environments), avoiding expensive shutdowns.

- Use on dry or damp floors
- Excellent on expansion joints
- From 12" deep to feather-edging at 1/16"
- Eliminates costly shutdown time
- Permanent concrete repair
- Comes in 50 lb. pail, covers 60 sq. ft.
- Cures at room temp. in 15 minutes
- Cures BELOW ZERO in 1 hour
- Won't shrink or peel back
- No heat systems or lamps required

***Shipping Included**

**All-Krete Concrete Repair**
**10-44-R-D..... $770.00**

# Star Flex

A Permanent Expansion Joint and Crack Compound

**STAR-FLEX** is a unique and complete expansion joint repair material designed for use in low temperature areas or anywhere a quick set is desired. **STAR-FLEX** cures to a high strength, resilient and long lasting seal in just 60 minutes.

- Repairs expansion joints and slip joints
- Requires NO heat lamps or propane torches
- May be used as a crack filler
- Cure time of 30 minutes at 75°F.
- Shelf life approximately 1 year. For extended shelf life, store at temperatures below 80°F and keep liquid resin securely closed when not in use.
- Clean-up with lacquer thinner.

***Shipping Included**

**Star-Flex**
**11-19-RH-C ..... $670.00**

# Non-Skid Floor Coating

The slip-proof coating for concrete, masonry, metal and all other surfaces... prevents slips, slides, falls.

INDOOR/ OUTDOOR USE

- Excellent sure footing even in wet areas, stairways, loading docks, catwalks, shower rooms
- Resistant to alkali, detergents, acids, brake fluid, etc.
- Grey color available only
- Apply to wood, concrete, steel, stone, etc.

***Shipping Included**

**Non-Skid Floor Coating**
**20-33C-C..... $440.00**

# QuickMount Safety Barricade

The QuickMount Barricade features an 18' retractable safety belt enclosed in aluminum housing. The QuickMount back plate is designed to temporarily attach to warehouse shelving uprights blocking off warehouse aisles. This is ideal for when forklift operators want to block off an aisle while loading product onto racks or shelving. Installation hardware also included.

**(A) Safety Barricade 18 feet in length**
**3016-B..... $240.00**

**(B) Forklift Mount Option**
**917FM-B..... $45.00**

# Rack Armor

## Protects Heads While Retrieving Materials From Racks

When workers retrieve materials or boxes from racking they often misjudge when it is safe to lift their heads. Rack Armor is always there to cushion the blow and prevents serious injury. Designed specifically for this application, Rack Armor is a cost effective way to protect workers from head injuries. Both inside surfaces have an adhesive to attach to the rack beam. Includes cable ties to secure to rack. Outside dimensions: 1-1/4" W X 4" L.

**Rack Armor (pair of 4 foot length pieces)**
**RACKARMOR-E (8 ft) ..... $65.00**

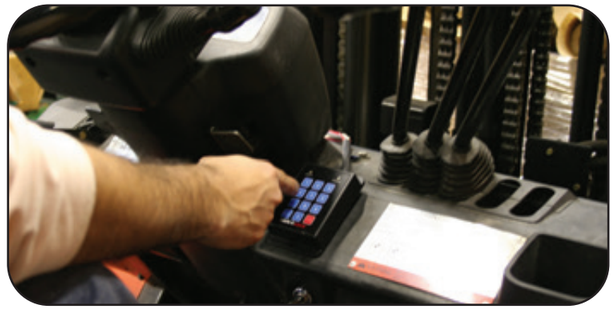

# Electronic Code Switch

PREVENT UNAUTHORIZED USE

Keep unauthorized personnel from operating the lift truck.

The Electronic Code Switch can track up to 15 drivers, preventing unauthorized vehicle use. If an accident occurs and the vehicle is damaged, the last driver can easily be identified.

An alarm can also be programmed when maintenance is due.

**Electronic Code Switch**
**ELECODE-C ..... $370.00**

### VOLTAGE INPUT

12-90VDC
Correct voltage level must be set with DIP -switches on the rear of the ECS

### OUTPUT

Relay contact rating: 6AMP continuous -10 (5 Sec.) for bigger loads, an external relay must be used

### CURRENT USE

10mA when relay is not activated, less than 60mA in activated operation

## Handy-Mag Tablet Holder

The Handy-Mag Tablet Holder is uniquely designed to provide a quick and convenient way to mount a tablet or smartphone for a forklift operator. The two 100 lb test powerful magnets on the magnetic base allow the holder to be mounted anywhere on the forklift, and the double ball joint design provides excellent flexibility for a wide range of viewing positions for the operator. The tablet holder opening includes one spring loaded end, and one button release end that can securely hold a tablet or smartphone up to a maximum of 9.5" long or wide. The adjustable tension knob tightens and holds the two ball joints in place once the desired position is attained. (Tablet or smartphone not included)

- (2) 100 lb test magnetic base.
- Double ball joint design provides flexibility and adjustability for the operator.
- 9.5" max opening adjusts to fit all sizes of tablets or smartphones.
- Tension knob loosens or tightens the ball joints for quick adjustments on positioning.
- Durable and lightweight design means tablet or smartphone stays secure.
- Measures 8.25"L x 3"W at the base and 7.5" high without tablet or smartphone.

**Handy-Mag Tablet Holder**
**MAGTABET-C** ..... **$80.00**

**USB Charging Kit** (Includes USB Port, USB-C Adapter, Universal Charging Cable.)
**USBPORT-C** ..... **$35.00**

## Handy-Mag Grabber Tool

The ergonomically designed Handy-Mag Grabber Tool makes order picking comfortable and easy. The lightweight construction and long telescoping reach can handle products and packages out of reach without strain to the operator. Includes two powerful magnetic holders to easily attach to the forklift and different pole end attachments to handle a variety of packages. The dual telescoping design allows the pole to extend to a maximum of 75" and locks in place with a simple twist of the pole.

- Lightweight aluminum construction.
- Ergonomic rubber handle.
- Dual telescoping design extends to a maximum of 75" and locks in place.
- Installs easily to the forklift using two powerful magnetic holders.

**Handy-Mag Grabber Tool**
**MAGGRAB-C** ..... **$80.00**

## Handy-Mag Stretch Wrap Holder

- Magnetic mount includes (3) 80 lbs test rubber covered magnets
- Black plated steel construction
- Easily mounts on the forklift or on racks
- Secures a standard 3" core x 14" long stretch wrap roll to the forklift or rack
- Set of (2) ergonomic Hand Dispensers included

**Handy-Mag Stretch Wrap Holder**
**MAGWRAP-C** ..... **$85.00**

## Forklift Operator Fan

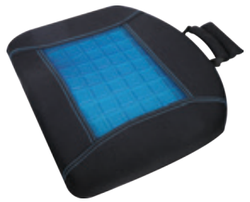

Operating a forklift can feel uncomfortable when the weather gets hot. The Forklift Operator Fan is designed specifically for forklifts and conveniently mounts anywhere on the overhead guard using two powerful magnets. The fan has a low-speed, high-speed and off switch to control the ventilation required and is equipped with a 7' power cord. It is powered with 12V DC and an optional DC-DC converter is available for 24-48V trucks.

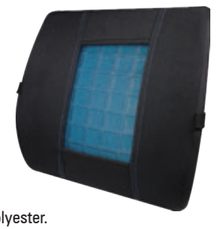

**Forklift Operator Fan with Magnetic Mount**
**MAGFAN-C** ..... **$80.00**

**DC-DC Fan Converter for 24-48V Trucks**
**MFCONV-C** ..... **$35.00**

## Cool Cushion & Cool Back Rest

- Cover is made of a durable bird eye polyester.
- Filling consists of memory foam with cooling gel.
- Absorbs shocks and keeps the operator cool in warm conditions.
- Provides lumbar support and keeps the operator cool in warm conditions.
- Non-slip back with handle, easily fits on any forklift seat.

| ITEM | DESCRIPTION | PRICE |
|---|---|---|
| COOLCUSH-C | Anti-Vibration, Cooling Cushion | $90.00 |
| COOLBACK-C | Lumbar Support, Cooling Back Rest | $90.00 |

## Forklift Vinyl Seat Repair Patch

Repair your unsightly and uncomfortable forklift vinyl seat with the Seat Repair Patch. The kit includes (2) 1M squared pieces with a 3M self adhesive that makes it quick and easy to apply to damaged seats. The large square pieces can be used to cover and repair the entire bottom seat, or they can be cut to size for smaller patch repair. Made of a black color vinyl for a long lasting repair solution to damaged seats.

- Includes (2) 1M squared pieces.
- 3M self adhesive with peel for quick and easy application.
- Made of durable vinyl for long lasting repair.
- Can be cut to size to cover entire seat or smaller patches.
- Black color vinyl.

**Seat Repair Patch**
**SEATPATCH-C** ..... **$80.00**

2009 Plant Engineering PRODUCT of the YEAR WINNER

# Safe-Belt

## The Most Comfortable Seat-Belt Your Operators Will Ever Wear

- Simple Arc style design greatly improves operator comfort, flexibility and maneuverability while operating a forklift
- Spring Action Arm feature inhibits operator functionality ensuring operators are wearing their seat belt
- Highly visible yellow colored end shows supervisors seat belts are not being worn
- Easy to install and implement
- Complies with Regulations

**SAFEBELT-R-C** ..... **$360.00**

**With Ignition Switch**
**SAFEBELT-I-C** ..... **$430.00**

*The SAFE-Belt is available in both Standard or with Ignition Switch.*

# Forklift Seat Belts

These retractable seat belts have bright orange webbing to ensure your operators are buckled up. All are 55" in length and conform to all safety specifications. The optional ignition isolation switch feature prevents the truck from starting unless the seat belt is fastened. Anti-Cinch seat belts allow for increased operator maneuverability.

**RETRACTABLE SEAT BELT**
***SEBELT-C***

**ANTI-CINCH COMFORT SEAT BELT**
***BBLP-1204-409-C***

**TWO POINT RETRACTABLE SEAT BELT WITH IGNITION ISOLATION SWITCH**
***BBLP-1204-417-C***

**ANTI-CINCH COMFORT SEAT BELT WITH IGNITION ISOLATION SWITCH**
***1-2592-26-C***

***Black & Orange Models Available!***

Push this button and the belt retracts

**PRESS & RELEASE RETRACTABLE SEAT BELT**
***PNRBELT-BL-C - (Black Webbing)***
***PNRBELT-OR-C - (Orange Webbing)***

The Press & Release Retractable Seat Belt allows the operator to manually adjust the tightness of the belt itself to a more comfortable level. To operate, the driver simply presses and holds the red button to release enough webbing to latch the tongue into the buckle while leaving ample slack to eliminate uncomfortable cinching into the abdomen. Available in black or orange webbing.

**BIG BOY BELT DUAL RETRACTOR SEAT BELT**
***BIGBELT-C***

The Big Boy Dual Retractor Seat Belt is specifically designed for the larger lift truck operators who find the standard size seat belts too confining and uncomfortable. The Big Boy Belt features a 55" retractable belt on both the buckle side and receptacle side of the seat belt allowing for a total length of 110". Finally, there is a seat belt solution for the larger individual.

| ITEM | DESCRIPTION | LENGTH | PRICE |
|---|---|---|---|
| SEBELT-C | Retractable Seat Belt | 60" | $260.00 |
| BBLP-1204-417-C | Two Point Retractable Lap Belt with Ignition Isolation Switch | 60" | $260.00 |
| BBLP-1204-409-C | Anti-Cinch Comfort Seat belt | 60" | $280.00 |
| 1-2592-26-C | Anti-Cinch Comfort Seat belt with Ignition Isolation Switch | 60" | $310.00 |
| PNRBELT-BL-C | Press & Release Retractable Seat Belt (Black Webbing) | 60" | $335.00 |
| PNRBELT-OR-C | Press & Release Retractable Seat Belt (Orange Webbing) | 60" | $335.00 |
| BIGBELT-C | Big Boy Dual Retractor Seat Belt | 110" | $310.00 |

## Forklift Tie-Down Clamps

Forklift tie down clamps are a great asset when securing loads for transport. The entire set is comprised of four pieces (2 brackets, 2 clamps). An eye bracket is positioned in front of the load while the screw clamp is placed behind the unit, closest to the forklift driver. These are put in place by sliding over the forks. Simply use the preferred type of tie down such as a nylon strap or chain to secure the load (chain and strap not included).

**Forklift Tie-Down Clamps (4400 lbs Uniform Capacity)**
**FTDC-6-4400-B..... $1,490$^{00}$**

# Forklift Booms

## Econo Boom

The Econo Boom telescopes extend from 86 1/4" to 151.5" extended. The telescopic section of the boom is secured in place with an infinitely adjustable locking screw. Fork pockets measure 7-1/2" W x 2-12" H on 24" centers. Overall size is 32" W x 13.5" H. Non-telescopic style also available.

| ITEM | DESCRIPTION | PRICE |
|---|---|---|
| **LM-EBT-4-24-B** | Econo Boom Telescoping - 4,000 lb capacity | $2,680.00 |
| **LM-EBNT-4-24-B** | Econo Boom Non-Telescoping - 4,000 lb capacity | $2,200.00 |

***6,000 lb & 8,000 lb capacity upgrades available**

*Shipping included

## Orbiting Boom

The Orbit Boom has a convenient counterbalance system and drop lock pin which provides a quick and easy one-man operation and adjustment. This unit provides a horizontal reach to 12 feet. Six vertical adjustment positions add between 2-1/2 and 8-1/2 feet of working height.
The telescopic section is secured in place with a drop lock pin. Available in non-telescopic design.

| ITEM | DESCRIPTION | PRICE |
|---|---|---|
| **LM-OBT-4-24-B** | Orbit Telescopic Boom - 4,000 lb capacity | $4,980.00 |
| **LM-OBNT-4-24-B** | Orbit Non-Telescopic Boom - 4,000 lb capacity | $4,430.00 |

***6,000 lb & 8,000 lb capacity upgrades available**

*Shipping included

## High Riser Boom

The High Riser Boom adds five feet of lifting height to any fork truck. The telescopic section of the boom is adjustable from 54 7/8" retracted to 92 5/8" extended. The overall height of the boom is 79 13/16" and the overall width is 32". The fork openings are 7-1/2" wide x 2-1/2 high on 24" centers. Available in non-telescopic design.

| ITEM | DESCRIPTION | PRICE |
|---|---|---|
| **LM-HRT-4-24-B** | High Rise Telescopic Boom | $6,790.00 |
| **LM-HRNT-4-24-B** | High Rise Non-Telescopic Boom | $4,640.00 |

***6,000 lb & 8,000 lb capacity upgrades available**

*Shipping included

## Lift Master Boom

Unique performance, convenience and safety features are incorporated into the Lift Master Boom. Fabricated from structural steel with welding to meet A.W.S. creates a rugged and durable boom that will provide long term service. A 36" chain secures the boom to the fork truck for safe operation. Each unit includes two lifting hooks.

| ITEM | DESCRIPTION | PRICE |
|---|---|---|
| **LM-1T-4-24-B** | Lift Master Telescopic Boom | $3,750.00 |
| **LM-1NT-4-24-B** | Lift Master Non-Telescopic Boom | $3,340.00 |

Unique design attaches to fork truck forks. Pass through fork tubes keep weight back towards fork truck mast. Locking pins secure snow plow to forks for safety. Manual pivot mechanism for angled plowing on both sides. Floating pads allow for adjustment of plowing height.

*Shipping included

**Fork Truck Snow Plow**
**SPB-N-72-A**..... **$5,650.00**

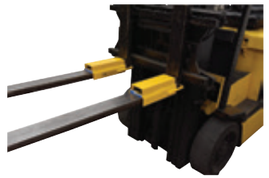

**Optional Weight for Better Plowing Performance**
**SPB-N-WT-A**..... **$1,020.00**

## Fork Rear Spacers

The Fork Rear Spacers provide a 12" gap between the back of the fork and the pallet. This helps prevent damage to product caused by the back of the fork colliding with the product or longer forks protruding on the other end of the pallet. Practical for pushing pallets two or three deep into a trailer conveniently and easily. To install, insert the loop of the spacer at the tip of the fork and slide along until the loop reaches the heel of the fork to lay down flat. Models available for 4", 5" and 6" wide forks.

| ITEM | DESCRIPTION | PRICE |
|---|---|---|
| FRS-4-12-B | Fork Rear Spacers For 4" Wide Forks | $530.00 |

## Aluminum Wheel Risers

For applications where the shipping/receiving dock is much higher than the truck floor or trailer bed. These wheel risers will raise the truck floor or trailer bed to dock level, and facilitate ease of loading and unloading.

## Fixed and Portable Poly Dock Plates

The Portable Poly Dock Plate is for use with two and four wheeled dollies, hand trucks and carts. Constructed of durable High Density Polyethylene (HDPE) for a lightweight (37 lbs) ergonomic design that is easy to use. Features include a raised surface for excellent traction in all weather conditions, beveled entry and exit edges, aluminum legs for durability and strength and two integrated handles for easy handling. **Capacity is 750 lbs and measurements are 35"W x 36"D x 5"H.**

The Fixed Poly Dock Plate for hand trucks is constructed of high density polyethylene (HDPE) for durability. Features a lift-n-lower ergonomic design that helps reduce injuries. Also features a molded-in, raised surface and integrated side rails. **Capacity is 1000 lbs and measurements are 35"W x 26"D x 5"H.** Installs easily with the optional 1796KIT Fixed Poly Dock Plate Installation Kit (Sold Separately).

**Portable Poly Dock Plate 750 lbs Capacity**
**1795-C**..... **$890.00**

**Fixed Poly Dock Plate 1,000 lbs Capacity**
**1796-C**..... **$840.00**

**Fixed Dock Plate Installation Kit**
**1796KIT-C**..... **$780.00**

## Edge-O-Dock Leveler

- Easy installation to any loading dock with a steel dock edge
- Service range is 5" above dock level and 5" below dock level
- Mechanical units include leveler, bumpers and actuation bar
- Usable ramp length beyond face of dock bumpers is 12" on all models
- Field installation required by qualified personnel
- Beveled edges provide smooth transition

| ITEM | DESCRIPTION | CAPACITY | PRICE |
|---|---|---|---|
| FM-2066-A | Mechanical 66" Width | 20,000 lbs. | $3,020.00 |
| FM-2072-A | Mechanical 72" Width | 20,000 lbs. | $3,560.00 |

| FM-2572-A | Mechanical 72" Width | 25,000 lbs. | $3,910.00 |

*Shipping included

## Glad Hand Lock

The Glad Hand Lock is applied to the emergency brake (red) connection of the trailer. This lock must be removed before the air line from the trailer can be connected and thereby release the emergency brakes on the trailer. An excellent way to dead-line a trailer.

***Note: Locks can be keyed the same or individually.***

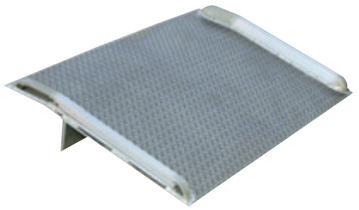

**Glad Hand Lock**
**GLAD0003-D**..... **$55.00**

## Heavy Duty LED Dock Light

3 YEAR WARRANTY

**ENERGY EFFICIENT & GREEN!**
- Up to 94% Less Energy than traditional incandescent fixtures
- Can Outlast 25 incandescent bulbs
- Energy rebate potential

**SAFE**
- Optimum brightness throughout the entire length of the trailer
- Emits cool white light
- Always cool to the touch

**RUGGED DESIGN!**
- Impact resistant, cast aluminum cover
- Clear acrylic cover ideal for use in food warehouses
- Meets food facility requirements for "no glass"
- Light is completely sealed for "Wet Locations" IP66, NEMA4

**Heavy Duty LED Dock Light - 40" Arm**
**60-5405-C** ..... **$850.00**

**Heavy Duty LED Dock Light - 60" Arm**
**60-5406-C** ..... **$880.00**

## Standard LED Dock Light

3 YEAR WARRANTY

- 80% less energy than incandescent or halogen bulbs
- Achieves maximum light intensity instantly
- No fragile filament to break
- No shattered glass to sweep up
- Light is optimized for trailer illumination
- Ideal for use in food warehouses
- Voltage range for use world wide
- Voltage input: 100-240VAC, 50/60 Hz, Single Phase
- UL, cUL, CE certified and RoHs compliant
- Reach: 40" and 60" (1016mm and 1524mm)
- Shipping weight: 15 lbs.

**Standard LED Dock Light - 40" Arm**
**60-5441-C** ..... **$490.00**

**Standard LED Dock Light - 60" Arm**
**60-5442-C** ..... **$520.00**

## Dock Traffic Lights

### TCS 3000 Sure-Lite

The Sure-Lite is an unrivaled, low cost alternative to maintain communication between truck drivers and loading dock attendants. The red and green LED lights are instantly understood as "Stop" and "Go", providing clear signals to dock attendants inside the building and truck drivers outside the building.

Sure-Lite Interior

Sure-Lite Exterior

| Part # | Description | Price |
|---|---|---|
| 60-5411-C | TCS-3000 Sure-Lite Exterior 12-24V Single Phase | $310.00 |
| 60-5412-C | TCS-3000 Sure-Lite Interior 12-24V Single Phase | $310.00 |

**Low profile: 1/2" thick to Eliminate Impact Damage!**

- Control entry to parking garages, loading dock areas and drive-thrus.
- Parking lot entrances and exits or any high traffic areas.
- Guide trucks backing into loading docks.
- Warn workers and drivers of hazardous situations.

## TCS 3000 Sure-Dock

Looking through their mirrors, truck drivers can safely center their truck and/or trailer in between the Sure-Dock. Docking maneuvers can be dangerous and costly when mistakes are made due to poor visibility. Sold individually.

Sure-Dock Lite

| Part # | Description | Price |
|---|---|---|
| 60-5414-C | TCS-3000 Sure-Dock 12-24V Single Phase | $310.00 |

## Fully Automatic Electric Pallet Truck

The Fully Automatic Electric Pallet Truck utilizes both power drive and powered lift and is equipped with a maintenance free 24V/20Ah lithium ion battery. The unit features 27"W x 48"L forks and a 3,000 lbs maximum capacity.

**Features:**
- Compact body design and light service weight for use in tight areas and low-duty applications
- Multi-function handle with emergency reverse, battery indicator, raise/lower buttons, horn and forward/reverse butterfly switch
- Long handle to reduce slouching, returns to vertical position automatically when released
- Interchangeable long life battery pack for continuous use

**Fully Automatic Electric Pallet Truck**
**EPT-2748-30-B** ..... **$6,850.00**
*Shipping included

## Tote Lifter

Designed to lift open bottom skids, boxes and baskets. Two operations available: hand pump and 12V DC power with rocker switch to raise or lower. Hand pump design features an ergonomic pump handle with two lifting speeds to accommodate for light or heavy loads. Side stabilizers provide balance to the unit when the load is lifted.

**Hand Pump**
**L-220-HD & L-270-HD**

**DC Powered**
**L-220-DC-HD & L-270-DC-HD**

| ITEM | DESCRIPTION | CAPACITY | SERVICE RANGE | FORK SIZE (WxL) | PRICE |
|---|---|---|---|---|---|
| L-220-HD-B | Hand Pump | 3,000 lbs. | 3-1/2" to 31-1/2" | 20"x43" | $2,540.00 |

| L-220-DC-HD-B | 12V DC Powered | 3,000 lbs. | 3-1/2" to 31-1/2" | 20"x45" | $6,750.00 |
| L-270-DC-HD-B | 12V DC Powered | 3,000 lbs. | 3-1/2" to 31-1/2" | 27"x45" | $6,990.00 |

*Shipping included

## Forklift Tool Box

The Forklift Tool Box fits on any counterbalance truck and is positioned on the right side of the operator. The specially designed lid prevents tools and items from falling out when the forklift hood is lifted for engine inspections or battery maintenance. It also functions as a clipboard with its flat surface and included spring loaded clip. The thinner top compartment can store pens, markers and cell phones while the larger bottom compartment can store tools such as box cutters, tape measures, tapes, or anything the forklift operator requires. Additional options include USB Double Charging Port with Adapters, Combination & Key Lock, Water Bottle / Phone Holder or Magnetic Mount – Set of (2) Magnets.

**Features:**
- Both compartments can be locked using a single lock
- Easily installs on the forklift using provided bolts or optional (2) 100 lbs test magnets
- Conveniently stores and holds everything a forklift operator requires
- Durable plastic construction and design
- Hinged lid easily opens and locks into place

| ITEM | DESCRIPTION | PRICE |
|---|---|---|
| TOOLBOX-C | Forklift Tool Box | $130.00 |
| TBLOCK-C | Combination & Key Lock Option | $10.00 |
| TBHOLDER-C | Water Bottle / Phone Holder Option | $10.00 |
| USBPORT-C | USB Double Charging Port With Adapter Option | $25.00 |
| TBMAGNET-E | Magnetic Mount Option - Set of (2) Magnets | $20.00 |

THE CROWN ADVANTAGE

InfoLink

MAKE EVERY
CONNECTION COUNT

Crown's Infolink® Operator and Fleet Management System opens a world of data that matters most, enabling you to:

- Promote and manage safety
- Uncover hidden risk
- Find cost-savings
- Reinforce training
- Empower operators and managers
- Accelerate improvement

7" Touch Shown

Infolink wirelessly connects your entire fleet, capturing critical operator and lift truck data to provide valuable insights about your operation. Real time alerts, intuitive dashboards and detailed reports provide the information you need, when and how you need it, to make data-driven decisions. With Infolink, it's easy to define benchmarks and measure results for continued progress in improving safety, reducing expenses and increasing productivity.

**Learn how Infolink can give your business the Crown Advantage:**

**Improve Productivity**

Understand actual productivity levels and where improvements can be made: processes, operators, infrastructure.

**Promote Safety Compliance**

Operator certification and customizable inspection checklists help to prevent unauthorized use of equipment and ensure compliance.

**Increase Lift Truck Uptime**

Schedule planned maintenance based on actual usage to improve uptime.

**Enhance Asset Management**

Visibility of equipment utilization allows for proper allocation and elimination of unneeded rentals and leases.

**Reduce Damage Expense**

Reduce lift truck, facility and product damage with impact monitoring that enables timely feedback and operator coaching.

**Call us or check out indtruck.com. More information at crown.com.**

***With 50+ years working on forklifts Industrial Truck Service provides Parts and Service you can count on. Put the best brands to work for!***
